Body of woman found in gravel pit near Glamor Lake

The body of a 43-year old Toronto woman was uncovered in a gravel pit near Glamor Lake early Thursday morning. Acting on a tip, Metro Toronto police homicide investigators, assisted by Minden and Peterborough OPP officers, discovered the remains of Sheila Helen Odwell, 14 Madrid Street, Scarborough, wrapped in bed sheets and buried in a shallow grave.

Her husband, Keith Rodrick Odwell, a 45-year old Toronto fireman and father of four, has been charged with first degree murder.

According to Metro police, Odwell reported his wife missing on Tuesday, May 6, indicating she had left to visit a sister in Nelson, B.C. and

had not arrived at her destination.

Last Wednesday, police received information that led to an investigation in the Haliburton area. Odwell was subsequently taken into custody at 344 Dundas Street East, Toronto, and charged with first degree murder. He accompanied police to the gravel pit near the family cottage where the body was uncovered at approximately 5 a.m. Thursday. Coroner Dr. Blair Pierce of Haliburton pronounced the woman dead.

Police say they believe the woman died April 28 as a result of blows to the head inflicted in the family home.

Odwell was remanded in custody following an appearance in Scarborough provincial court July 3.

OPP officer assaulted, Oakville man charged

A 20-year old Oakville man has been charged with assaulting a police officer and three other youths face charges of theft over \$200 in connection with an incident in the Dorset area last Tuesday.

Brian Kenneth Williams was slated to appear in Minden provincial court July 8 to face a charge stemming

from an alleged assault on OPP constable Mike Maher. Police say the incident occurred during an investigation into the theft of a boat from the Oakville area.

Williams was seen consuming beer on the west side of Highway 35 in the Dorset area, and following his arrest, is alleged to have assaulted Maher in the OPP vehicle. During the incident Williams broke a beer bottle and severed an artery in his left hand. He was taken to Minden Red Cross Hospital, where a further assault is alleged to have taken place while he was receiving treatment.

Further investigation of the boat theft led to the recovery of a boat and trailer valued at approximately \$10,000 which had been hidden in the bush in near Saskatchewan Lake.

A 39-foot raise advancement into the ore bodies had to be made at the Halo mine site to get the proper material for testing. The sample sent to Lakefield Research will undergo a bench scale leaching test. The sample will be crushed, cut for a head sample assay and be tested for uranium an minor constituents.

This leach test consists of grinding the sample 94 percent through 65 mesh and 80

Being behind the scene at horse draws is not always fun. Working with the horses to produce a good team takes a lot of effort. Some of the fruits of those efforts

were shown at the Norland horse draw, last Saturday. For complete results see page 6.

Complete results expected within a month

Rare Earth to test bulk samples

Rare Earth Resources Ltd. is expecting results from bulk sample testing of material that has been taken from its mine site in Cardiff Township, within the month.

In a letter accompanying the company's 1979 annual report, project manager George Jeffs stated that samples had been sent to both Lakefield Research and Ore Sorters (Canada) Ltd. in Peterborough for assaying.

A 39-foot raise advancement into the ore bodies had to be made at the Halo mine site to get the proper material for testing.

The sample sent to Lakefield Research will undergo a bench scale leaching test. The sample will be crushed, cut for a head sample assay and be tested for uranium an minor constituents.

This leach test consists of grinding the sample 94 percent through 65 mesh and 80

percent passing 100 mesh, with a retention time of 30 hours.

Since Madawaska Mines Limited in Bancroft has tentatively agreed to mill the ore for Rare Earth, these test results will approximate the mill condition. Approximately 3,000 tons of ore will be milled per week.

Other test results that will be passed on to Madawaska Mines will be the pH of the leach, percentage of solids of leach, total iron in grams per litre and temperature.

According to Jeffs, the pregnant solution is being analyzed for uranium, total iron, ferric iron pH and emf.

Also, the leached solids will be washed with the wash solution and solids being analyzed for uranium content.

Until last Thursday, four 1,000 pound samples have been taken to Ore Sorters

(Canada) Ltd. for a sorter test. Twenty samples will be sorted at P. O. enough to complete the testing.

At Peterborough, each drum will be screened into four fractions which will be sorted into radiometric grade groups.

Complete results of these

tests are also expected within the month.

Resampling of the old underground workings show a grade of 215 percent U308 or 4.30 pounds per ton (uncut) or .163 percent U308 or 3.26 pounds per ton (cut). The uranium to thorium ratio is

Car, motorcycle collide, Gooderham man killed

A 23-year old Gooderham man died Friday when the motorcycle he was driving collided with a car on Highway 503 west of Tory Hill.

Bert Alexander Madill was killed when he entered Highway 503 from an unassumed road allowance directly into the path of a car driven by James A. MacDonald, 46, of Barrie. MacDonald suffered minimal injuries.

Coroner Dr. Blair Pierce pronounced Madill dead at the scene.

Damage to the motorcycle was estimated at \$1500. Damage to MacDonald's car was estimated at \$2000. No inquest will be held.

A 39-year old Montreal woman suffered major injuries last Tuesday when her car was struck by another which went out of control on County Road #1.

The accident occurred when a westbound vehicle driven by John D. Morrow, 22 of Burlington, went out of control and struck Dale Leary's car on the south shoulder.

Leary was taken to Minden hospital for treatment of major injuries. Morrow suffered minimal injuries.

Damage to Leary's car was estimated at \$8,500. Damage to Morrow's car was set at \$6000.

Morrow was charged with careless driving.

A 23-year old Aurora man faces two charges after the van he was driving sideswiped a car on County Road #8 near Dorset and rolled over.

Gerald Irvine was east-bound when his van collided with a westbound car driven by Paul Talbot, 21, of Hamilton. After the impact Irvine's van rolled over on the north shoulder of the road.

Damage to Talbot's car was estimated at \$900. Damage to Irvine's vehicle was set at \$7000.

Irvine was charged with having no operator's licence,

and with driving left of centre.

A 22-year old RR 1, Haliburton woman was charged with careless driving last Monday after the car she was driving went out of control on Highway 530 in Guilford Township.

Valery Chafe was east-bound when she lost control and entered the south ditch, rolling over. Damage to her vehicle was estimated at \$2,500.

Flying gravel caused an estimated \$250 damage to the windshield and front end of a following car. Its driver, Brian Fallick, 33 of Toronto, was not injured.

A logging trailer was extensively damaged last Tuesday when a hitch broke and the trailer rolled onto its side.

Police say Roland Junop, 44 of Golden Lake was south-bound on County Road #7 when the mishap occurred.

Damage to the stake truck Junop was driving was estimated at \$200. Damage to the trailer was estimated at \$6000.

Anti-pollution committee presses for 'liming'

'We have time' to beat acid rain, Parrott says

Despite criticism from many quarters that his department is dragging its feet on measures to counteract acidic precipitation, Ontario's environment minister remains optimistic that there is still time to combat the problem.

Dr. Harry Parrott told a public meeting in Haliburton Monday night that although acid rain is "one of the most significant environmental problems we face...we have been able to come to grips with it well in advance," of any permanent harm to a large number of lakes.

"We have time," Parrott said. "But it is equally true that we must not fritter away that time."

The minister's claim was backed up by Dr. Tom Brydges, head of the ministry's limnology and toxicity branch. Reiterating information he presented to Haliburton County council in May, Brydges said studies indicate that lakes in Haliburton County are not "going downhill very fast." He predicted that water conditions would be substantially unchanged in ten years, despite the levels of acid deposition now being experienced in the county. "We won't have dead lakes," he said, "but we will have stressed lakes, sick lakes."

Brydges downplayed the importance of International Nickel Company's Sudbury smelter as a source of the emissions which combine with atmospheric moisture to produce acidic precipitation in Haliburton County. He

cited three studies compiled by his ministry which indicated little or no improvement in the "acid loading" in the Haliburton/Muskoka area when INCO's smelter was shut down for several months due to a strike.

A fourth study, completed by Environment Canada casts doubt on the provincial claims however. It found that up to 40 percent of the emissions affecting Haliburton and Muskoka may come from INCO's "super stack", the largest point source of

sulphur dioxide pollution in the world.

The ministry scientist said the bulk of the problem came from the south, including Toronto, Hamilton, Buffalo, Ohio and other areas of the north eastern United States. But the attempts of Parrott and Brydges to point a finger at the United States, and to urge a cautious, rational approach to the problem were met with opposition by a representative of the Haliburton County anti-pollution

Board agrees on new energy policy

In an effort to keep energy costs down, the Haliburton County Board of Education has adopted a twelve-point policy on energy conservation.

The policy, endorsed at a meeting Thursday, says lighting levels are to be kept at Ontario Hydro specifications, calls for winter thermostat settings of 20c. (68F) and maximum air-conditioning settings of 25C. (78F).

Among the other points in the policy:

- Lights in occupied areas with full sized windows will be used only when the sky is overcast, or at night, and only those lights necessary to maintain the Ontario Hydro specified levels will be used,

eg., the row farthest from the window.

- Lights cannot be turned on more than 15 minutes before being used.

- Cooling will only take place in areas actually occupied. In no case will cooling be turned on before 10 a.m. nor will it be turned off later than 4 p.m., except with the authorization of the maintenance supervisor.

- Windows are to remain closed whenever the heating systems are operating.

- Caretakers are not to be asked to adjust individual thermostats or lighting levels in rooms.

The new policy will apply in all schools under the board's jurisdiction.

Fiddlers compete at Wilberforce

Judges had a hard time picking winners in all the classes

The Wilberforce Legion Branch 624 held its annual fiddle and step dance contest last Saturday afternoon and evening.

Judges Don Gilchrist and Don Gilchrist Jr. had a difficult job to choose the best competitors of the day.

In the step dancing compe-

tition, winners of the 12 and under class were Maria Leahy, age 9, first, Sonya Hastings, age 12, second and Tracey Hastings, 9, third;

dancers 18 and under: Denise Leahy, 14, first, Slobheann Leahy, 13, second, Gracie Beauchamp, 15, third; dancers 50 and over: Jimmy Thompson, first, Cliff Crosby, second; dancers open class: Chris Leahy, first, Juny Leahy, second, Joan Good, third; youngest competing dancer: Trisha Hastings, 8, of Shanty Bay; oldest competing dancer: Jimmy Thompson, 84, of Bobcaygeon.

The youngest fiddler, Doug Leahy, was 6 years old

In the fiddle contest, winners of the 12 and under class were Maria Leahy, 9, first, Francis Leahy, 8, second, Doug Leahy, 6, third; fiddlers 16 and under: Donnell Leahy, first, Slobheann Leahy, second; fiddlers 60 and over: Al Smith, 67 of Minden, first, Bill Everett, 61 of Orillia, second, Dugald Jamieson, 54 of Renfres, third; fiddlers open class: Michael Lemoire, first, Arvid Obie, second and Gordon Crosby, third; youngest competing fiddler: Doug Leahy, 6 of Lakefield; oldest competing fiddler: Jimmy Thompson, 84 of Bobcaygeon.

Jimmy Thompson, the oldest competitor at 84

Demonstrations where children could try their hand at working with clay, were a big success at the Guild of Fine Arts opening night of its Summer Exhibition and Sale. For complete results of award winners, see page 3.

Closure hearing could spell the end of an era ...

Trains gave Oliver Higgins his best years

by Sue Cooper

"A town isn't much of a town without a train."

And Oliver Higgins should know. He worked as a sectionman and relieving foreman for Canadian National Railway for 37 years before he retired in 1962. Nineteen of those years were spent working from the Haliburton Village station.

"I've worked on every bit of track between here and Midland and down to Scarborough, that's the end of our division. I've worked on it all," Higgins said at his home in Haliburton Friday.

Higgins has watched with his own eyes the decline of the railroad in Haliburton. When he first started with the railroad in 1925 there was a regular train in Lindsay every day and three non-scheduled trains a week.

On Saturday the "tourist train" came to town all the way from Toronto.

"That was about the busiest," Higgins recalled.

"I got on it in Toronto and there wasn't hardly standing room. I had to stand out on the steps."

In those days, the train was about the only type of transportation for heavy haulage. Higgins said the trains carried all the lumber that had to be transported out of the county.

When he worked in Gelert, he saw wagonload after wagonload of goods packed up and head off towards Minden where the railroad did not run.

In the beginning the CNR paid him \$2.40 a day to work on the rails.

"You could live real good on that," he recalls.

Higgins never wanted to ride the trains with their uncertain times and long hours. The regular train left Haliburton Village at 6 a.m. and usually returned from Lindsay around 5 to 5:30 p.m.

"I liked it (relieving foreman) the best. I was

Frank Woolley, salesman, looks over the new premises of Cordell Interiors. Cordell Interiors, owned by Brad Sales, recently moved across the main street of

Haliburton to the former Red and White grocery store. The larger store area will allow them the opportunity to display more carpet and carry a larger inventory.

Rare Earth set to test bulk samples

from page 1
approximately six to one, according to Jeff's letter.

The 1979 report was presented to the shareholders of Rare Earth Resources Limited at its annual meeting on June 30, in Toronto.

In the directors' report, president H. Vance White, outlined some of the company's activity at its properties in Monmouth and Cardiff Township.

Work began at the sites in May 1979 when information from the 1950's until the present was compiled on standard plans and sections.

In August access roads were repaired and detailed instrument surveying re-established the location of adit portals, shafts and 50

percent of the collars of the surface diamond drill holes.

The Kenting Earth Sciences Ltd. produced topographical maps of the properties and a ground survey crew established Bench Marks from levels brought in from outside provincial stations.

He also pointed out that most of the company's efforts in 1979 were directed towards obtaining an Exploration-Development permit which was finally received on January 18, 1980.

White mentioned the public meeting which was held in Wilberforce late last fall and said the company felt the reaction of the public was generally favourable.

Seven names also stood for re-election to the seven-member board of directors.

Mining Executive, A.W. White, chairman of Dickenson Mines Ltd., who has been a director since 1958 holds 91,809 common shares and 100,000 preferred shares; H.I. Miller, president of New Kelore Mines Ltd. has been a director since 1973; H.V. White, mining executive and president of Dickenson Mines Ltd., has been a director since 1973 and owns 1,800 common shares and 200,000 preferred; F.A. Fell a mining executive has been a director since 1968 and owns 200 common shares; L.F. LaPrairie who is a mining executive, chairman of Cenex Ltd. and president of Vedron Ltd. has been a director for one year and owns 200,000 preferred shares; J.N. Botsford, a min-

ing executive and vice president of Bovis Corp. special projects, also became a director in 1979; chartered accountant and secretary-treasurer of Dickenson Mines Ltd., H.R. Heard has been a director and secretary for one year.

The shareholders also reviewed the auditor's report as presented by Gardner, McDonald and Co. of Toronto.

In 1979 Rare Earth Resources Ltd. had assets totalling \$1,080,571 as compared to \$905,354 in 1978. The company's liabilities totalled the same for each year.

At the 1979 year-end, the company had issued 1,243,151 common shares for \$5,033,709 consideration received.

Caution urged on push for 'liming'

from page 1
committee.

"It's useless to figure out who is to blame," Michael Collins said. "We have to figure out now what we're going to do."

"We should be spending our time immediately setting up the best liming procedures we know," Collins told the ministry representatives, "so that the three years it will take to get our data will not be wasted."

"To say that we have time is nonsense," he said, calling on the ministry to fund a 'liming' program in Haliburton County this winter.

"We don't disagree with your comment about who is to blame," Parrott replied. "We must each take our

relative responsibility. We agree too that there's no time to waste, but I do think we have some time to do some things about it."

Brydges concurred that 'liming' may be necessary in the future, but he disputed Collins' claim that a Swedish scientist had said Ontario is five years behind in acid rain research. The fact that liming has had limited success in reclaiming the fishery in major water bodies in Sweden does not mean it would work as well here, Brydges said, because a much larger variety of fish species are found in local lakes than in Swedish waters.

Brydges said two Swedish scientists who visited the province recently at the invi-

tation of the ministry "raised some serious cautions. I think we have to move slowly."

Although Parrott and Brydges agreed that abatement at the international level is the only means of reducing acidic precipitation, neither held out much hope that legislation limiting emissions from power plants and other sources south of the border would be passed quickly.

Parrott said that although the head of the U.S. Environmental Protection Agency was "very concerned" about the problem, it had low priority with most American politicians. And while they admitted that the conversion of 80 power plants in the north eastern states to

coal firing under a plan announced recently by president Carter would increase acid deposition in Ontario, the plants now burn heavy sulphur oil and contribute substantially to the acid rain problem.

Deputy Minister Graham Scott said the U.S. currently has tight restrictions on emissions from new coal fired plants, but that virtually no restrictions apply to the conversion or upgrading of old plants. Raising the level of consciousness of the Americans about the problem is an essential step on the road to abatement legislation, Scott said, adding that so far the efforts of the provincial and federal governments have

had little impact.

In reply to a question about which lakes in the province are 'dead' and which lakes in Haliburton County are threatened, Parrott said the names of the 'dead lakes' which are all in the Sudbury area, are available from the ministry, and that the ministry will try to test the acidity in any lake if it is asked to do so.

"We think that in the long run, information will be our greatest ally," Parrott told the meeting. "If you have some specific lake that you would like tested, we're willing to accommodate that."

"It is a problem of our time, and we're going to have to work together to solve it."

Omitted in 1976, Elephant Lake now on provincial map

After an absence of four years Elephant Lake, located just north of Harcourt, Ontario, has a name in Ontario's 1980 official road map. The name of the lake was inadvertently left off the map when the change was made from Imperial to Metric in 1976.

The oversight was brought to the Ministry of Transportation and Communications by Aldo Campagnola, man-

ager of COTA. Campagnola requested that the lake be named again through the Ministry of Industry and Tourism after attempts by tourist operators on the lake had failed.

Also on the 1980-81 map and initiated by COTA is a warning for those who would travel Highway 507 south from Gooderham that the road is very narrow and winding.

Correction

A story on the front page of last week's Echo reporting on a discussion between Anson, Hindon and Minden council and Rockcliffe Hotel owner Dave Willis may have left the impression that council would ask for an LLBO hearing into the hotel's beer garden if a sufficient number of written complaints came to the municipality. In fact, as the story indicated but did not emphasize, councillor Len Lonsberry was expressing his own opinion on the matter, not the official position of council. The Echo regrets any inconvenience it may have caused the rest of council or Dave Willis.

Dr. Harry Parrott, Ontario's environment minister, attended a public meeting in Haliburton Monday night, along with members of his staff to discuss acidic precipitation and the ministry's approach to tackling the threat it represents.

1. The 1979 Financial Report consolidates the operations, assets and liabilities of the Township.
2. The above data has been extracted from the audited 1979 Financial Report of the Township. Copies of the 1979 Financial Report are available at the Township offices to any resident who wishes to review or analyze the financial operations of the Township in greater detail.

'The best years'

from page 1
home every night and we got time and a half after eight hours," he said with a smile.

He still keeps his Uniform Code of Operating Rules book handy, even after 18 years of retirement. The little red covered book looks well used. Inside the first few pages, three phrases were underlined: safety, obedience to the rules and to obey.

"Every trainman has one (rule book) all the time he's on the job," he says as he leafs through the old book.

The trains ran in any type of weather. "I've seen men go out on the train at night when you could hardly see them for snow."

After a bad storm the maintenance men would have to take the track motor down the line in front of the train to make sure there was no debris on the tracks.

Progress was slow, but Higgins said when they finally made it to Lindsay, they had to go into the station dispatcher and find out when the train was along the line. They were given a time card where the train was expected to be at certain times along the way.

Usually the men had to stop at a pull-off and wait for the train to pass and sometimes this took over an hour.

One day, things didn't go exactly as planned. Higgins said they were on their way back from Lindsay on a brand new track motor.

The times must have been mixed up because they met the train in the middle of a rock cut. Higgins said the engine kept getting closer and there was nowhere for them to go, so they had to jump off the track motor at the last moment.

"I'll tell you right now, you haven't much time," he said.

Steam engines were 'the grandest thing'

There was only one fly wheel left of the vehicle when the dust finally settled.

"We were both up on the carpet over that," he laughs now.

Higgins said the old steam engines which ran on coal could be heard coming for miles.

"They were the grandest thing on the line," he said.

The new diesel engines were not as popular with him because they didn't make any noise and they didn't have the steam train's beautiful whistle.

"They'd sneak right up on you," he added.

The main part of Higgins' job was to make sure the rails were in perfect shape.

"We had to be awful careful of bad rails."

Most important was to make sure the rails were on the right gauge which was four feet, eight inches between the two rails. The distance would be measured with a long sturdy rod and if a correction had to be made one of the rails would be moved to the proper spot.

The servicemen were also responsible for testing the signals and bells every day to make sure they were in proper running order. They were also accountable for the condition of the ties which had to be removed and replaced if they were damaged. The weeds also had to be kept cut down by the tracks.

Higgins also helped make repairs on the Howland Junction trestle bridge over the Burnt River near Kilmount.

He worked in many areas of the division before returning to Haliburton. He's repaired track in Gelert, Orillia, Victoria Harbor, Lindsay and Midland.

Higgins was born in Peterborough County with he and his family moving to Haliburton after World War I. He started with CNR when he was 28 in Haliburton Village.

"Thirty-seven years in a man's life are his best years," says Higgins.

And considering the pleasant memories he has about his years with the railroad, they must indeed have been some of the best.

Oliver Higgins

Guild opens annual summer sale

The Haliburton Highlands Guild of Fine Arts opened its eighteenth annual summer exhibition and sale at the senior elementary school in Haliburton Village last Friday night.

Artists were awarded for their efforts during the opening ceremonies. First prize was a week at the School of Fine Arts, in Haliburton, and second prize was half of a week of instruction.

The winners were: rug hooking, Audrey Deremo, first; pottery, Barbara Peel first, Pat Irwin second; weaving, Judy Chapman first, Wendy Bateman second; batik, Mary Wallace first, Joan Pearson second; woodworking, Derek Smith first, Norman Smith second; painting, Dave and Audrey Grant first, Frank and Maureen Gough second; jewellery, Deborah Fear first; sculpture, Carole McLean first; glass, Barbara Wigglesworth and Richard Wackerlin second; enamel, Roland Mottle first.

Honourable mentions were given to Gloria Carnochan, Carole McLean, B. Kristensen, Mary Wallace, Jane Selbie, Dorothy Shantz, Elma Halminen, Judy Chapman and Barbara Peel.

Thilde Nevitt, one of the original convenors of the sale and show, presented the Thilde Nevitt Award for the best design. Christel Wille won the \$100 prize with her wall hanging.

The Ontario Crafts Council \$50 award was presented to Carole McLean.

The show runs until July 15 at the senior elementary school.

Thilde Nevitt with best design winner

Province to set up rehabilitation code

The Ontario government has taken the first step toward establishing a rehabilitation code to facilitate renewal activities across the province.

Premier William Davis told more than 1,400 delegates at an international forum in Toronto on community renewal that a group is being set up to study all aspects of a rehabilitation code or guidelines for renovation and rehabilitation activities.

The group will consist of provincial and municipal officials and representatives from professional associations and industry.

Davis said the renewal

industry in Ontario was responsible for more than \$1 billion in activity last year and, if it is properly developed and encouraged, it could generate as much as \$3 billion in construction annually.

Housing Minister Claude Bennett, whose ministry sponsored the forum with assistance from some 20 other organizations, announced the establishment of a new unit in his ministry to oversee housing renovation and related fields.

Bennett also announced approval of:

- A further allocation of \$20 million to the Ontario Home Renewal Program and an

increase in the family eligibility ceiling from \$12,500 to \$15,500.

- An increase in the Main Street Revitalization Program municipal population limit from 30,000 to 35,000.

- Annual awards for excellence in renewal architecture, planning and construction, and annual fellowships for students in renewal research.

- Municipal Act amendments to further assist municipal business improvement areas.

- An "Ontario Renews" symbol to promote increased public awareness of and involvement in renewal activities.

- A community renewal resource centre, to be operational by August 1, 1980 which will contain publications and other material on all aspects of renewal. The centre will be in the ministry's library at 56 Wellesley Street West in Toronto.

Delegates to the forum, largest of its type ever to be held in Canada, were repeatedly reminded that renewal and rehabilitation of all types - particularly in residential and retail areas - is to be the

major construction field of activity in the 1980s.

Collaborative planning is the unifying theme of the new provincial initiative to make better use of Ontario's resources.

Boat stolen at Hawk landing, five charged

Five Toronto area people have been charged with taking a vessel without the owner's consent -- an offence under the Criminal Code -- after a small boat was taken from Big Hawk Lake landing early Sunday morning.

Charged are Daniel O'Halloran, 21, Ronald Perkins, 21 and Betty Charlevoix, 20, all of Toronto, Eugene Martin, 34, and Linda Harvey, 21, both of Scarborough.

Police say the boat, owned by Gordon Smith of Oakville and valued at \$1500, was taken from the landing at approximately 2:30 a.m. It was later recovered.

Board considers computers

from page 1
school's commercial department.

Director of Education, J. Douglas Hodgson said Monday there is an increasing need for students to learn the basics of computer technology, since the machines are used widely in business, and in institutions of higher learning. The computers could also be used in remedial

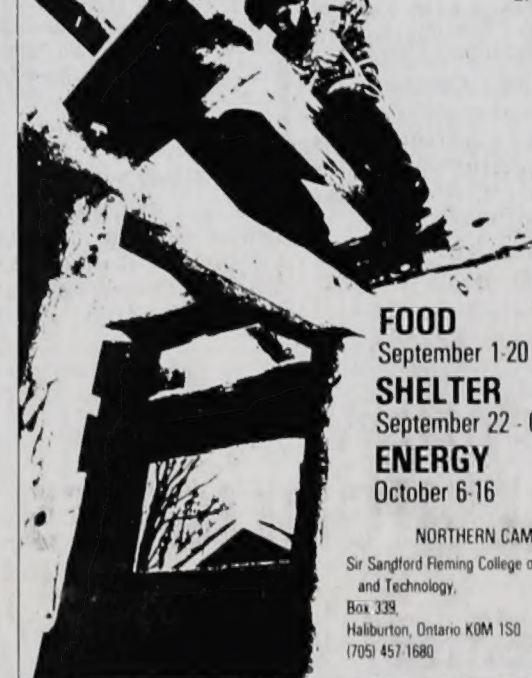

programs, and for individual study.

Total price of the three machines would be approximately \$6000, the director of education said.

The committee will examine the matter in consultation with Oakley and principal Brian Mosgrove, and has been authorized to proceed with purchase arrangements if it decides the idea has enough merit.

A matter of credibility

When it comes to taking a stand, there are few bodies than can equal the tenacity of the Ontario Ministry of the Environment and the Haliburton County anti-pollution committee. One has convinced itself it is justified in backing away from a stated 'get tough' policy with the largest point source polluter in the world, International Nickel, and the other is absolutely certain it knows more about what should be done to combat acid rain than a battery of scientific heavyweights. And when representatives of the two bodies met at a public meeting in Haliburton Monday night, the result was clearly a stalemate.

The ministry's reluctance to push for tough abatement measures is in keeping with the provincial government's long standing attitude toward big business. Large corporations employing thousands of people have wielded a powerful sword in relations with the province. That fact is clearly seen in the environment ministry's response to the pollution problem created by INCO's smelting operations. It has backedpedaled or stalled a number of times on legislation to force the company to reduce its emissions. And in the latest round of what is hoped will pass for action, the ministry announced a control order to reduce the company's permitted pollution to 2,400 tons of sulphur dioxide a day, from the former level of 3,600 tons a day. But facts revealed at the time the order was announced last month indicate that because of market conditions and production cutbacks, the company had already reduced its emissions to 2,600 tons a day. Instead of being called on to take steps to reduce its emissions by 1,200 tons a day, INCO must cut back by a mere 200 tons a day to meet the conditions of the control order.

It is true, of course, that while INCO is often the brunt of criticism because of the sheer tonnage of its effluent, it is not the major cause of acidic precipitation in Ontario. But forcing it to substantially reduce its emissions would do much to restore the public's faith in the environment ministry's attitude toward pollution abatement. Although the government may throw up its hands in despair at the overwhelming size of the acid deposition problem, or point an accusing finger at the industries of the north eastern United States, it can take steps to reduce emissions from Ontario's industries. So far, it has not done so to any meaningful degree. Yet it delights in holding up the INCO control order as proof that it will not be bowled over by industrial giants.

The Haliburton County anti-pollution committee shows a similar propensity for self satisfaction when it holds itself up as a repository of facts about acidic precipitation that it thinks the ministry is ignoring. Time after time, at public meetings and in visits to local and county council, ministry scientists have outlined the work that is being done to gather a data base about acid rain. While the results of those studies are not complete, the scientists feel justified in believing that lakes in Haliburton County are in no immediate danger of 'dying' from the onslaught of acidic snow and rain. Yet the anti-pollution committee appears reluctant to accept the data available.

On numerous occasions the committee has indicated a willingness to cooperate with the ministry when the time comes to begin remedial action on area lakes. The ministry has accepted that offer to help. Indeed, it has made it clear that the aid of local councils, cottage associations and the public at large, will be welcomed if and when the time comes to undertake a program to neutralize the acid load which enters the lakes every spring. Having said that however, the ministry should be given the time to carry out the research without which it cannot make the right decisions about counteracting the problem. Using emotional arguments in an attempt to pressure the ministry into allowing local people to begin a 'liming' program, the consequences of which are not fully understood, cannot be justified.

The Haliburton County anti-pollution committee will perform a useful service if it acts as a watchdog, keeping abreast of research into the problem. But it should back off on its push for a liming program. It is a push which is premature, and which is harming the committee's credibility.

Write a letter to the Editor

The Haliburton County Echo welcomes letters to the editor. All letters must be signed, and include the writer's address and telephone number. Letters are subject to editing for clarity, grammar, and to conform with legal requirements.

Only under exceptional circumstances will letters be published without a signature, and only when the writer has identified himself to the editor and given valid reason why his name should not appear.

Good friends

LETTERS to the EDITOR

To the Editor:

I have been a summer resident in Haliburton County and an Echo subscriber, for about a quarter century and have noticed some marvellous changes especially in Haliburton town. Haliburton town is unique in more ways than one but especially in the fact that it is situated on the 45th parallel, exactly mid-way between the equator and the north pole. I believe that if this fact were emphasized and advertised it could cause a goodly number of people to pay us a visit. Not many of us will be privileged to visit either the equator or the pole but we can quite conveniently visit the mid-way point.

Possibly a conspicuous marker of some sort could be suspended directly above the line. How about having one's picture taken while standing right on the 45th?

Very truly yours,
J.F. McCracken,
RR 1, Haliburton, Ont.

To the Editor:

I was pleasantly surprised to find your streets paved this weekend. The reeve and council deserve a hand for their untiring efforts.

You appear to succeed in many areas. Water levels, Guild of Fine Arts, a new park, sewers, removal of railway tracks at intersections, etc.

Being a sports buff, I wish you success in establishing a permanent sports director. Leadership is needed to ward off vandalism (such as occurred at Ontario Place). Further an established sports authority could be empowered to put such offenders to work for their community in maintenance, collection of litter, etc.

Yours for better living,
Don Andrews

To the Editor:

I read with some amusement, the distorted and self-serving letter of Mr. J. Fecht in reference to the brouhaha between the council and a large group of ratepayers in Glamorgan.

Mr. Fecht's convoluted reasonings and twisted facts leave a very mountain of unexplained facts in abeyance. Mr. Fecht is a pedagogue who admits that he has no practical knowledge of either road maintenance or heavy equipment. He admits that at least one of the applicants has more practical experience in road building, especially in this rock strewn area, than his choice of applicant. He admits that although his applicant is only 23 years old and has no knowledge of our difficult terrain and is therefore no match for any of the local applicants in this area of expertise, the fact that he is better educated, overshadows all other considerations. Yet one of the local applicants has run his own business for some years, keeps good books, and is well aware of the necessity for both fiscal planning and budget extrapolations.

Mr. Fecht admits that his bias has no basis in clear evidence but is based purely on his alleged ability to foretell what will happen in the future. Mr. McCausland, on the other hand, who is himself a respected businessman and who has

known the local applicants for a longer time, voted against Mr. Fecht's intuition and for some sanity, by suggesting that the only fair method of evaluating the worth of the local applicants as far as bookkeeping is concerned, would be to give the better of them, a six-month trial.

Now I have always been fascinated by the tendency for pedants, editors and assorted bureaucrats to pontificate. They assess worth by formal standards of education. They tend to take themselves too seriously and finally to begin believing that their opinions are close to papal infallibility.

On the other hand, though my life has been one of scientific research, I have found that people who have developed the manual skills are a breed apart. They may not appear to be overly impressive on the surface, but basically they have a great store of commonsense. Pedants on the other hand, sound intelligent but lack basic understanding of practical matters.

I can assure you that I have delved into this particular matter at some length and I am just as certain as Mr. Fecht that the ordinary working people of Glamorgan have a better perception of what they need than Joe will ever have.

As for you, Mr. Editor, may I suggest that you think about some advice you once gave me. "Don't shoot your mouth off until you really have checked out the facts."

Mr. H. Michael Collins,
Gooderham, Ontario

To the Editor:

The Haliburton County Economic Development Commission wish to contact, and in turn receive replies from some of your readers on a complex problem for Haliburton County. This is the debate regarding rail service. Should we fight to have rail service here, what should be done to get it, what should be done to keep it, and why.

Your readers may not wish to make formal presentations at the July 22nd hearing and may not even think anyone is interested in hearing their ideas. The members of the Commission are presently devoting a good deal of time and effort in preparing briefs and submissions for this hearing and others and will require all the input they can get in order to represent public opinion. These Commission members volunteer their time and ask only that your readers provide them with a moment of theirs in order to help in this cause.

Businesses that have used or would use the railroad are specifically asked to respond. Have you used it in the past? Do you now use the limited services to Kinmount? Would you in the future? Have you found it satisfactory, and if not why not?

If for any reason a reader would rather direct communication to a particular member of the Commission rather than the office, please feel free to do so. The members are: R. Glen Hodgson, Sinclair Nesbitt, Murray Fearrey, Barbara Bolin, Bill Valentine, Malcom McGillivray, John Hogg, Jim McLean, or mail to Haliburton County Economic Development Commission, Box 147, Minden, Ontario, K0M 2K0.

R.G. Hodgson,
Chairman

Feir Play

by

Creighton Feir

I don't know what you think, but as far as I am concerned we who are fortunate enough to live in Canada are living in the best country in the world. Just take a look around and see if there is any better. I sometimes wonder if we who live here in Canada are proud to say that we are Canadians. We should all feel really proud to be living here in this great nation with our many resources, our high standard of living and the freedom that we enjoy. I wonder if we sometimes don't take this all for granted. Canada's 113th birthday which was celebrated on July 1, is over but let's just pause for a moment to see just what happened on this day of days. In Toronto, Ottawa, Hamilton and many of the other cities including many of the towns and villages, our birthday was celebrated in a big way with parades, music, fireworks, dances and many other big attractions but here in Haliburton County it was the same old story; we are all caught sleeping at the switch with that same old Haliburton County attitude that we couldn't care less. It seems that it doesn't matter what happens in this good old country, we all seem to be too complacent. It's just about time that when Canada's birthday arrives another time we should start and be prepared to put on a few extravaganzas that should include enough hoopla that can be heard for miles around. Let's get the flags out and start flying them and I mean the Canadian flag not the American flag. It's also just about time that we as Canadians, started to stand up and be counted when it comes to singing our national anthem. When the occasion arises we should all be proud enough of this country to get up and sing O' Canada as loud as we can. I have been to different meetings and events not only here in Haliburton when sometimes you would need a hearing aid to pick up the singing. One thing that I will say about the Americans, they are proud of their country and they love to fly their flags, play their national anthem and show their patriotism whenever they get the opportunity. I don't know about you but whenever O'Canada is played or sung it seems to stir me up inside and makes me realize just how fortunate we are to live in this beautiful country. There are not too many other countries that wouldn't trade places with us. In summing up, isn't it true that we gripe about this and that and chew about the way the country is being run by whatever party is in power at the time, but when we stop to think about it I think it's about time that we realize just how lucky we are. Let's prepare now for next July and Canada's 114th birthday.

The new executive of the Haliburton & District Lions Club have been elected and commence their duties July 1, 1980. The new executive are: President, Al Pucknell, secretary, Martin Grant, Treasurer Les Smith, Lion Tamer Bruce O'Brien, Tail Twister Dennis Sims, Directors Russ Andrus, Harold Brodhagen, Frank Dunsford.

The Lions Club recently completed their 50-50 draw for June with the winner being Lisa Dunsford of Minden winning \$19.00. The club have a draw underway for an aluminum boat and outboard motor. This draw will take place at the Haliburton County Fair on August 9, 1980. The Lions Club will also be running the Sweetheart of the Fair contest at the County Fair.

For you people out there who are looking for a thrill, your opportunity is coming up this Monday night at 7:30 p.m. at the Kinmount Fairgrounds when Herrington Ford Mercury Sales at Fenelon Falls will be presenting Castrol and the Hollywood Auto Dare Devils. It promises to be a night of thrills and spills and one that you won't want to miss. It's this Monday evening, July 14.

The following is an editorial written by Don Johnston that appeared in the Highland Veteran, the monthly bulletin of Haliburton Branch 129, Canadian Legion. It's headed, The Cenotaph.

This past week President Sylvia Sisson along with some of the executive and the manager met with Reeve Murray Fearrey and Clerk Wayne Woods at the Cenotaph to see what could be done to improve the appearance of the place.

Over the years we have neglected to keep it as the showplace it should be, at the entrance to our town.

I remember when I was growing up the plot at the Cenotaph had flower beds, large pots of flowers, shrubs and well manicured trees and the thing I remember most was that this was hallowed ground and no one went inside that gate to play or loiter.

In the past couple of months one of the guns has been stolen and it does not seem likely we will ever see it again. Just a week or so ago some hoodlums went there and smashed a concrete bench (which shouldn't have been there in the first place).

After a meeting of an hour or so it was decided we would go ahead and get some flower beds started, put some flowers in the one remaining pot, trim some of the trees and remove to let in the sunlight. The remaining gun will be embedded in concrete, also a larger concrete base will be put around the monument which will make it easier for the laying of wreaths on November 11th.

This plot of land was set aside by the town fathers of 1919 as a memorial on which to erect a Cenotaph in memory of the local young men who paid the Supreme Sacrifice in World War I. In 1945 at the end of World War II an additional plaque was added with the names of those who did not return.

This is not a park or playground, as many seem to think and it is hoped that all Legion members will help us to make this plot of hallowed ground a place of beauty and dignity.

When writing this article I went to the dictionary to see what the meaning was for the words Cenotaph and Hallowed. This is what I found - Cenotaph - a sepulchral monument erected to one who is buried elsewhere. Hallowed - To set aside for holy or religious use, to reverence, to honour as sacred.

I believe this says it all.

Pic of the Past

Our thanks go out this week to Mrs. Ben Varty of Haliburton who submitted this photo taken in 1924 showing some of the grade eight students who were attending a birthday party for Winnifred LaRue at the Charlie LaRue home on Cranberry Lake. Mrs. Clarence

Horsley now has her house on the same site. Front row from the left, Dora Clarke, Therm Barnum, Alma Jones, Petra Boice, Lila Cooper. Back row from the left, Leona Cooper, Winnifred LaRue, Miss Mills, teacher (Mrs. Hugh Griffin), Madeline Cooper, Lorna Cooper.

From the Chamber

by Bob Stinson

Minden Wild Water Reserve

Roger Parsons, the moving force behind the establishment of this attractive new attraction in our midst, advises us that the dates are now official. In just under a year, on the site of this new park the 1981 National Canoe and Kayak Championships will be held.

The events will take three days, with official slalom practice on the Friday, individual and team events on Saturday followed by a banquet, and the National World Championship Team Trials on Sunday.

The official opening of the reserve will be held this fall on Saturday, September 13 and will be followed on Sunday the 14th with the Provincial Championship competition.

The organizers are to be congratulated on their efforts in bringing these events to our area and in setting up the facilities. It is certainly worth noting that they have gone to considerable extremes to maintain the esthetics and avoid creating inconveniences to surrounding cottagers.

Time Management

The Federal Business Development Bank is providing, by popular request, a half-day seminar on the afternoon of July 17 at PineStone Inn. The topic, "Time Management" is one that should be of interest to many of us, particularly at this time of year. It will, of course, be difficult for many of you to take an afternoon just now for a seminar - but just think - the course is designed to show you how to make up for that time and moreover the next several months. It's well worth the investment of \$15 and three hours. Call Cathy McNeil at 748-3241 to register and we'll see you there.

What's New Around And About? - Lots

Workmen are swarming over the property at the property previously known as the Hunter's Horn preparing it for opening by this weekend. A group of investors headed by Mr. John Sheard are breathing new life into the old establishment and the new name will be "Golfers' Haven". From what John tells us we can expect to see some extensive development and promotion taking place on this property in the future.

In Minden we have two new businesses and a new owner in a third. Highlands Jewellery and China has just opened in the new building across from the Brewers Retail which also houses Doctor Anthony Holiday-Rhodes' new office. Glen and Barbara Stokes are the owners and they also operate Sider's Jewellery and China in Fenelon Falls. Their daughter Suzanne will be living here in Minden and managing the store.

Partners, which opened recently in the Minden County Mall is owned by sisters Marilyn Meldram and Barbara Gallagher who have cottaged for many years at Miner's Bay. This shop specializes in pre-cooked frozen entrees such as lasagna and Cordon Bleu in either individual servings or 5 lb. trays. This is a super way to put on a gourmet meal at the cottage with a minimum of effort.

Sandy White Woollens has been sold to school teachers, Gloria Markos and Gary Doyle who come from Toronto. They plan to run things just as in the past - after all you can't improve much on the past success of this unique shop - and Sandy has been around to help them along in that respect. We do hope you will drop in and say welcome to all these new folks and let them know we appreciate these additional contributions to our business community.

Cont'd. page 16

Report from Queen's Park

by MPP John Eakins

The news this week certainly centres around the announced phasing out of the Armstrong plant in Lindsay, with the possible loss of around 300 jobs. This is really the first major blow Lindsay has received regarding industrial employment for a long time. In the past 10 - 15 years, Armstrong has expanded rapidly and provided employment for a great number of people. I recall during my time as Mayor, our Industrial Commission working very hard to put together some parcels of land to accommodate these expansions.

I am hopeful that I can assist by arranging a meeting with the provincial officials to see what

direction we might take to fill this vacuum. The parent company of Armstrong is in the United States and perhaps we can convince the provincial officials to look into the feasibility of assisting local management to turn the plant into a Canadian owner-operated concern.

The Ministry of Industry and Tourism recently announced funding to encourage this direction under certain circumstances. I believe the time has come for the provincial and federal governments to get together and forget any political infighting and see what can be done to encourage industry and jobs. I believe we have the manpower, the people with ideas, and perhaps the job of governments is to provide some definite encouragement.

The recent example of Trent Rubber Services could serve to encourage others in local industry. It would be ideal if the employees of Armstrong could do the same thing. I will work closely with the Mayor and Council, the Industrial Commissioner and others, to explore every possibility.

After a great deal of work and persuasion, I am glad the announcement has been made that a new 62-bed nursing home is to be built on the west side of Angeline Street opposite Victoria Manor in Lindsay. Construction of the new home is to begin this fall with an estimated completion in the spring of 1981.

The home will be operated by Earl W. Daynes, of Millbrook. At present Mr. Daynes operates the Springdale Nursing Home outside Peterborough. The ministry is awarding 30 beds through the recent competition in which six applicants applied. In addition, Daynes Holding Limited will be purchasing the 32-bed Hillcroft Nursing Home in Bobcaygeon. These are being combined to become the new 62-bed facility for Lindsay.

The additional beds for Lindsay area were recommended by the Haliburton, Kawartha and Pine Ridge District Health Council.

It is hoped that within the next 2 - 3 weeks, an announcement will be made regarding the proposals for the 60-bed facility. It has been a long and rough road to replace the beds which were lost with the closing of the home on Russell Street. Many people and families have been inconvenienced, and hopefully this will finally be rectified.

FBDB announces seminar on avoiding the 'time trap'

Everyone involved in managing a business today is faced with ever-increasing demands on their time. It seems that the more time that is spent, less and less seems to get accomplished. Is there a way out of this "Time Trap"? The Federal Business Development Bank thinks there is a solution. They have prepared a special seminar, called, "Time Management" which will be presented in cooperation with the Haliburton Highlands Chamber of Commerce at the PineStone Inn on July 17. The seminar has been prepared with the small business operator in mind and provides many ideas on how to manage your time for improved results. Many local business people are expected to attend and early registration is encouraged. Full information can be obtained by calling Kathy McNeil at 705-748-3241.

This seminar is being pres-

ented as part of the FBDB's overall programme of services to the small business community. Each of its branches is, in fact, a Development Centre, with both financial and non-financial assistance being readily available. As well as the series of the management training seminars of which "Time Management" is a part, information is provided at every one of its branches on the many federal and provincial government programmes which have been designed for the small business operator. Direct contact with the Development involved, can be arranged. Business counselling, at very nominal cost, is available through the Case programme which uses the talents and experience of retired business persons. Term loans and equity investments can also be arranged in appropriate circumstances.

Anson, Hindon, Minden get grant for OHRP scheme

Anson, Hindon and Minden Township has received a grant of \$35,000 for use under the Ontario Home Renewal Program (OHRP).

The program provides per capita grants to Ontario municipalities to administer directly as loans to homeowner occupants to repair their homes to an acceptable municipal minimum standard.

Prime objective of the program is the correction of faulty structural and sanitary conditions and the upgrading of plumbing, heating, insulation and electrical systems

of the owner occupant's home.

Currently the program assists people with a maximum annual income of \$12,500, but a proposal has been tabled to raise the ceiling to \$15,500.

Loans of up to \$7,500 can be made to eligible homeowners and a portion of the loan can be forgiven, depending on the applicant's income. Interest rates vary from zero to eight percent, again depending on income.

Information on the program can be obtained from municipal offices.

MTC calls for tenders for work on Hwy. 35, Hwy. 519

Transportation and Communications Minister James Snow announced that tenders have been called for grading, drainage, granular base, hot mix paving and structure on Highway 35 at Mountain Lake Bridge, 3.2 miles south of Carnarvon; concrete overlay on Highway 35 at Ox Narrows Bridge, 4.0 miles north of Halls Lake Road; and structure repairs and waterproofing on Highway 519 at Drag River Bridge, 2.5 miles north of Geleit.

The purpose of this contract is to replace the existing Mountain Lake Bridge built in 1935 with a new structure on the existing alignment. During construction traffic will be maintained by means of a Bailey Bridge detour. Modification and improvements to the Ox Narrows and Drag River Bridges will bring these structures up to present ministry standards.

Tenders will be opened for this project at ministry headquarters in Downsview August 13.

MOH, HUDAC to work on renewal

The Ministry of Housing and the Ontario Council of the Housing and Urban Development Association of Canada (HUDAC) are going into partnership on a number of community renewal and renovation activities, it was announced recently.

Corbett of Severn Bridge wins Norland horse draw

**Heavy horse team
draws 10,000 pounds**

A team of heavy horses made a draw of 10,000 pounds to take their class at the Norland Firefighters' Horse Draw last Saturday afternoon. Dwight Corbett, of Severn Bridge, placed first in the heavy horse draw, Ingram Wessell, Norland, took second place and Joe McFeeters, Fenelon Falls, placed third. McFeeters also won the best teamster in his class award.

In the light horse draw, Grant Quinn, Coboconk, took top honours, George McLean, Little Britain, was second and Jack Batty, Norland, placed third. The top draw was 6,600 pounds.

Bill Campbell, of Ennismore, was named the best teamster.

Glen Parks, of Bancroft, got his ponies to draw 3,400 pounds to win their class. Larry Greer, Miner's Bay, placed second and Jim Chynoweth, Norland, came in third. Wyatt Greer, Miner's Bay, won the best teamster award.

The ladies had their own single horse class at the draw.

Placing first was Elaine Corbett of Severn Bridge, second place went to Sherry Wessell, Norland, and Jean Batty, of Norland took third spot. Corbett was also named best teamster.

The winning draw in the ladies class was 4,300 pounds.

Getting ready for the draw

Minden Juniors and Seniors battle last week

by Helen Burk

The Minden Jrs. and Srs. had back to back games Monday and Tuesday nights. In the game on Monday night the two teams tied 14 - 14. Patti Vasey and Cheryl Dillon shared the win. Lyn Winans and Marla Wilson led the Srs. while Cheryl Dillon helped the Jrs.

On Tuesday night the Jrs. had a big sixth inning to come up on top 13 - 12 over the Srs. The Srs. were led by Joan Paul and Nelda Cully while the Jrs. were led by Heather Kennedy and Darlene Danilko. Cheryl Dillon was the winning pitcher while Andrea Burk took the loss.

Also on Monday night the Haliburton team hosted the Snowdon Angels. The Haliburton team won 23 - 8. Nancy Maughan was the winning pitcher while Eileen Simmons took the loss.

On Tuesday night the Snowdon Angels defeated the Snowdon Stompers. Haliburton travelled to Wilberforce Tuesday night to come up the victors 16 - 1. Nancy Maughan nearly got the shut-out with Wilberforce getting the one run in the

bottom of the seventh. Nancy Maughan was the winning pitcher while Susan Rowbottom took the loss.

On Monday night West Guilford defeated Gooderham.

West Guilford travelled to Snowdon to play the Stompers Wednesday night. The West Guilford team came up on top.

Also Wednesday night Stanhope travelled to Gooderham to come up on top 36 - 8. Kelly Harrison led the Carnarvon team. Marg Darby was the winning pitcher.

On Thursday night Carnarvon hosted Wilberforce for a four point game because of the rain out game two weeks ago. The Carnarvon team came up on top 16 - 12. Carnarvon was led by Joan Algar, Marg Darby and Kelly Harrison. Marg Darby was the winning pitcher.

Standings on July 6: CARNARVON: GP - 14, W - 12, L - 1, T - 1, PTS. - 25; WEST GUILFORD: GP - 14, W - 11, L - 3, PTS. - 22; HALIBURTON: GP - 14, W - 10, L - 4, PTS. - 20; MINDEN SRS.: GP - 13, W - 8, L - 5, T - 1, PTS. -

17; MINDEN JRS.: GP - 15, W - 8, L - 7, T - 1, PTS. - 17; SNOWDON ANGELS: GP - 14, W - 3, L - 11, T - 1, PTS. - 7; SNOWDON STOMPERS, GP - 14, W - 3, L - 11, PTS. - 6; WILBERFORCE: GP - 14, W - 3, L - 11, PTS. - 6; GOODERHAM: GP - 14, W - 3, L - 11, PTS. - 6.

Curry holds first place with two softball wins this week

by Sue Cooper

Curry Motors team held on to its lead in the men's recreational softball league with two wins last week.

They kept their winning streak going with a devastating 16-2 win over Kennedy's last Tuesday night.

Curry's squad was the first team up to bat but two base hits failed to materialize into runs.

In the first inning, Gary McKnight made it home for Kennedy's team with Jim Debenham making it to first base before the men were put back out to field.

The Curry men put their machine into gear in the second inning with runs from Mark Schell, Jeff Carpenter, Paul Madden, Art Dawson, John Parish and Paul Wilson before Kennedy's team put three of the motormen out.

The Kennedy squad was held down to one run throughout the second, third and fourth innings.

In the top of the third, Madden came home to mark another score for Curry's team.

Curry's men's slow and steady pace kept up with another point being scored by Mike Carpenter in the fourth.

The team went wild again in the top of the fifth inning as they walked away with eight runs. Crossing the plate were Wilson, John Wilson, Schell, Jeff Carpenter brought two runs in, Madden, Dawson and Parish.

The game ended quickly for Kennedy's team who managed to get only one other run, Gary Butch.

The winning pitcher was Schell while Brian Mulholland took the loss.

The same night, the Legion team blanked LaRue 4-0.

Legion pitcher Andy Salvatori started off hot as he

struck out the first two batters and the third, Bob Johnston, was fielded out.

Kevin Sisson started the Legion batters off on the right foot with the first home-run of the night.

LaRue's team was kept down in the second inning even though Sid Cooper hit a first base hit and Tom Curry was walked to first.

The Legion didn't manage to get any runs in the bottom of the second inning with LaRue's making three fast outs.

LaRue still couldn't get on the scoreboard in the third inning as Bob Nichols was struck out and Ed Roberts and John Robinson fielded out.

The Legion had a good inning in the bottom of the third as both Dick McLean and Bernie Nicholls hit home-runs for the team.

LaRue's team's next turn at bat was three up, three down with two quick innings following for both teams.

Robinson made it to first on a hit in the top of the sixth but he couldn't bring a run in for LaRue before the three outs were counted.

The Legion managed its final run in the bottom of the sixth as Bernie Nicholls crossed the plate for the second time in the game.

But LaRue's team couldn't break the Legion's spell as they were put out as fast as they got up to bat.

With their lead already secure the Legion men weren't too concerned when they couldn't get any more runs in the seventh.

Salvatori pitched the winning game while Sid Cooper took the loss.

In the final game of the week, the first place Curry Motors team came in close proximity to a loss when they

beat Haliburton Lumber in a close 3-2 decision.

In the first inning, Haliburton Lumber made a good attempt to get a run in with Dwight Sisson on third ready to come home but the opportunity didn't arise before the lumbermen were put out to field.

Curry Motors took a quick lead with runs being scored by John Parish and John Wilson in the first inning.

It was the same story for the lumbermen with a man still left on base when the final outs were tallied. They were put three up, three down in the third, fourth and fifth innings.

Curry Motors was also kept at a stand-still in the second, third, fourth and fifth frames.

At the top of the sixth, Jim Winn brought in the lumbermen's first run and was followed closely by Sisson but he was left standing on third again.

In the bottom of the sixth Wilson scored another run for Curry's team to widen the margin to two runs.

In the top of the seventh, the lumbermen tried hard for those runs but only materialized one from Gary Brohman.

The last half of the inning was not played.

Winning pitcher was Mark Schell, with Craig Stamp taking the loss.

At the end of the week's play, Curry led the standings with W7, L2, Legion W5, L3, LaRue W4, L4, Kennedy W2, L5, Haliburton Lumber W2, L6.

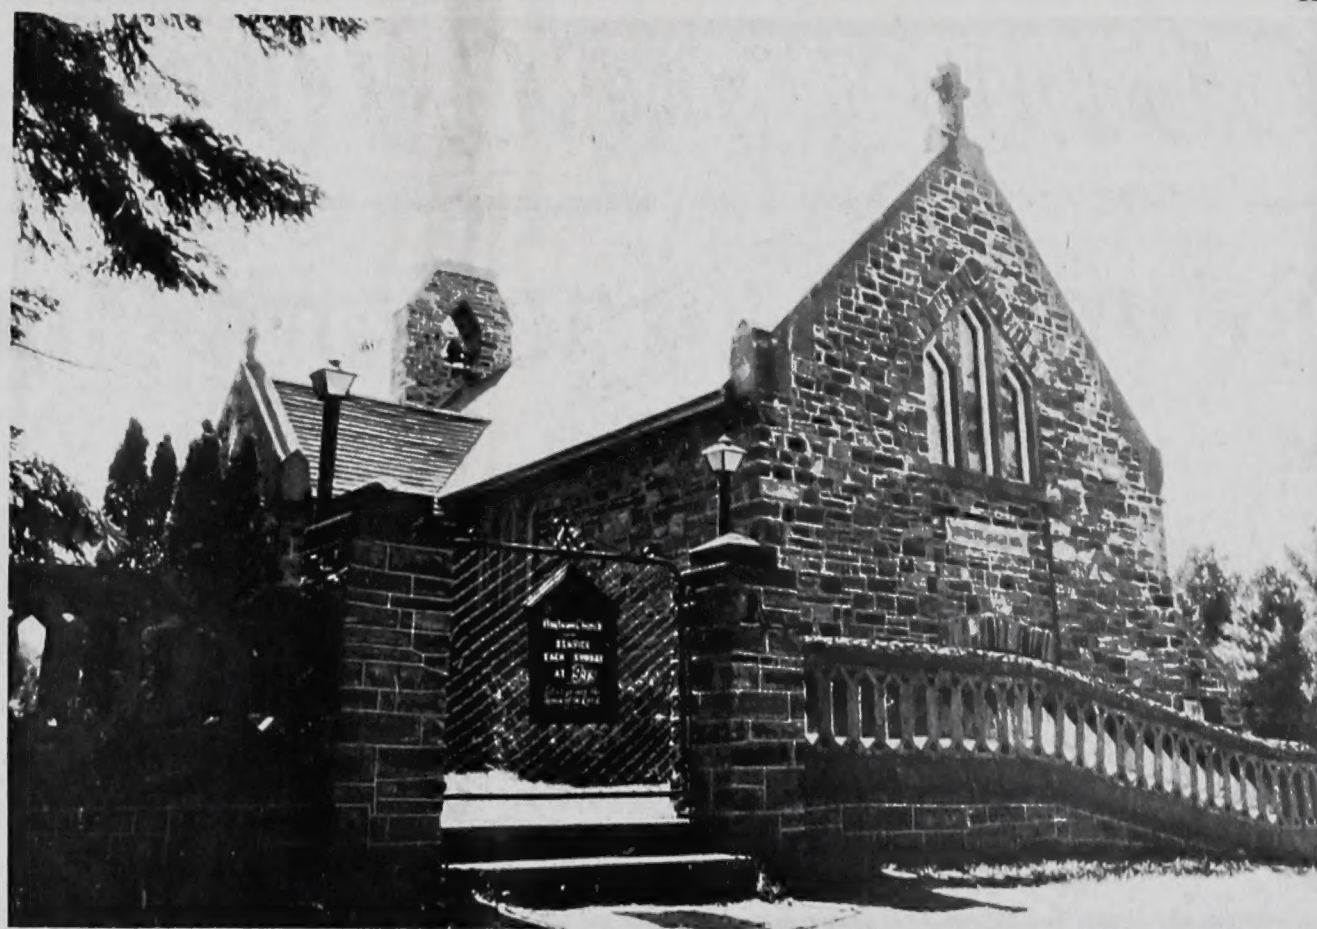

Hydro to conduct voltage reduction Tuesday afternoon

Ontario Hydro will conduct a voltage reduction test on Tuesday, July 15.

The test will involve reducing the voltage on Hydro's system by five percent during two one-hour periods: between 2:30 and 3:30 p.m. and 7:30 and 8:30 p.m., Eastern Daylight Time.

The tests are held twice a year to help determine how much the system can be reduced during emergencies and also to help show up any operating or customer voltage supply problems. The last test was held January 15, 1980.

The five percent voltage reduction should not result in any noticeable effects to residential, commercial or industrial customers whose electrical equipment is operating properly.

The congregation of St. Peter's Anglican Church in Maple Lake celebrated the building's 75th anniversary at a special service a week ago Sunday. The church, one

of the prettiest stone buildings in the province, was built by John Billings, and completed in 1905.

St. Peter's Church 75th anniversary

St. Peter's Anglican church in Maple Lake celebrated its seventy-fifth anniversary on Sunday, June 29.

The anniversary marked the building of the church by famous stone mason John Billings.

Billings, who built his beautiful stone house on Blagdon Hill in Stanhope Township, which still stands today, began construction of the stone church in October, 1901. Local craftsmen and community-minded people alike pooled their resources to complete the building in five years. The corner stone was laid by Bishop Sweetman when construction began.

Five years later, the rector of St. John's Anglican Church in Peterborough performed the dedication service.

The first church, made of rough cast V-joint and plaster with an interior of plaster of

paris with special mouldings around the centre of the ceiling and border, was designed by Billings.

The pews in the original church, completed on June 29, 1887, were made out of top quality pine by local woodworkers.

Since it was the only Anglican church in the area for many years, the congregation quickly outgrew its building. The original land for the church and the cemetery was donated by M.R. Dawson.

Assisting Billings on the blockwork of the building were Eldon and Arthur Dawson with George Fader also helping in the construction.

Billings was buried at Blagdon Hill in January 1923.

His stone work in the area still stands as a reminder of his excellent craftsmanship.

Haliburton legion holds John Maughan tournament

Haliburton Legion Branch 129 held its third annual John Maughan Memorial Dart Tournament a week ago last Saturday.

The open tournament is held every year in memory of Haliburton resident, John Maughan, who was killed in an accident. Maughan was very active in darts and played with many Legion teams before his death.

The first place entry in the four-member team class was Huntsville Legion. Marking up points for Huntsville were

Len Jones, Zetta Beasley, Jack Ashby and Donna Ashby. Haliburton placed second with its team of Ron Perrin, Jack Morrison, John Briggs and Ed Burckoff.

In the doubles class, Coboconk took the title with Dave Chalmers and Ted Tufts.

The Coboconk Legion also won the singles division with Al Weaver being named top shooter.

High score of the day went to Larry Marren, of Fenelon Falls, with a score of 180.

COUNTY ECHO FAMILY

Extendicare News by Dr. W. O. Anderson

This patio roof is a great improvement, but does not pater from the rain. Both downspouts already seem to be plugged; very little water in a heavy downpour comes down the spout. But pressure builds in the main trough to make a couple of water spouts at the wrong end. We may say the eavestroughing is brilliant in design but does not work as we think it should. It is possible that a bit of hardware cloth laid in the main trough where the downspout leaves would be a better screen than what is there. Furthermore, the happy gang should not be so cantankerous, but if a comic item like this turns up we try to make it enjoyable.

At the top end of Park Street where we are, we noted quite an influx of that devil's paintbrush that is sure loss to a lawn if it gets any kind of start, and where it was too close to our lawn to tolerate so on Tuesday using a shovel and our hands we removed it the best we could root, stalk and blossom, about 50 pounds, then buried it in the flower bed. We argued this way that if a cow or bull ate it, as it passed through the digestive tract, some nutrient would be lost, but the soil will do anything the digestive tract does without any loss, that is, it is green manure. Suppose we were to dig that up say in a month, it would all pretty well be digested, and we lessen the 'devil's paintbrush' threat to the lawn, and all told occupied only two hours.

We had no bingo Tuesday this week.

It is difficult to know if this rain in abundance is good or bad. We, never without good reason, conclude that nature is bad, so this rain must be

good.

Tuesday evening brought us a most remarkable T.V. program, Ch. 19-28 which comes to us on local cable ch. 6 called 'Vista' showing time lapse photography of plants, the most recent and startling discoveries of their physiology. They, for instance, would hook a philodendron leaf, sandwiched between paddles much the same as an electroencephalogram is taken on the human brain to a recorder that traces on a drum the electronic activity and to the great surprise of the researchers found much similarity, even suggesting extra sensory perception, like in a lie detector. It is somewhat gruesome but these are scientists searching for the truth.

Finally our efforts toward growing muskmelons has reached the black plastic stage, after which no cultivation is advised. It is simply a matter of watching them grow and picking the fruit as it ripens. The ground on which they are planted is sure 'wild and woolly' which would indicate it is nutritious for plants. The peppers and parsley are on their way to stretching out for real growth once warm weather comes. They are privileged getting liquid fertilizer once a week. There are very few of the most colorful flowers as we had last year, but this year there is more scent than beauty. However there will be much beauty later on from the flowering maples, nasturtiums, sweet peas, scarlet runner beans, marigolds and pansies.

Our miniature stone fences along our back fence seem to hold very well against these latest downpours, keeping those steep eroding banks

from further erosion. The stone is gathered the various stones and pebbles that pester the gardener resulting in a good rule "if you find a stone be sure you handle it only once". It is around this area that the snake has its home.

This coming week the writer will be away visiting his children, the result being 'no news'.

We started the week with fun and fitness on Monday morning. We were pleased to have Jeanne Sweatman and Jean Hobb with us. These two ladies will be volunteering

their time every Monday morning for the summer months. Later in the afternoon, the ladies went to the craft room to work on their projects. Don't forget our

summer bazaar on July 18 at 2:00 p.m.

Tuesday morning, Rev. Denny of St. George's Anglican Church in Haliburton held the service in the Cha-

pel. Rev. Denny presented the residents of Hyland Crest with a tape deck on behalf of the late Emily Smith. It was her request that the tape deck be donated to the home, so that the bed-care patients could enjoy some inspirational music. Mrs. Maud Miller who is confined to bed, is enjoying the hymns very much.

In the afternoon, several residents went to the auditorium to watch the movies. "To the Top" told us how the famous C.N. Tower in Toronto was constructed. It is the world's tallest free standing structure and is a great tourist attraction.

"Of Time, Tombs and Treasure" was filmed in Egypt along the river Nile. We saw beautiful monuments and gods made of solid gold. The archeologist in the film took us on a journey through the tomb of a Pharaoh King. This was an extraordinary film about one of the greatest eras in which people lived.

Wednesday was a special day for Lillian Miller, when she celebrated her birthday. Lillian was presented with a lovely chocolate cake by the kitchen staff, and we all joined together to sing Happy Birthday to her.

The ladies of the Minden U.C.W. brought a lovely variety of cheese and bran muffins for the tea party on Thursday afternoon. The food was delicious and it was very

nice to visit with our local ladies.

After the tea party we had our monthly Residents Council meeting. One of the things decided upon was that we should replace our bird, which passed away six months ago. Many thanks to Mr. and Mrs. Bennett of the Minden Small Animal Clinic for donating a pair of beautiful finches to our residents. We have named them Peter and Polly. Everyone is enjoying them very much. We were also informed by Doris

Cont'd. page 12

Camp days

Children enjoyed the daycamp held at Sir Sandford Fleming College, northern campus, last Friday. During the week staff emphasized crafts including basket weaving, left, and painting (or clean-up), below. The daycamp will be held throughout the summer at the college.

NOTICE OF AERIAL SPRAYING

As part of the Ministry of Natural Resources ongoing program to regenerate and protect our forests, the Forest Pest Management Institute in cooperation with the Ministry of Natural Resources will be spraying selected red pine plantations in this area. The spraying will be done using a nuclear polyhedrosis virus for control of the red-headed pine sawfly during the period of July 10, 1980 and July 22, 1980.

Further details about the program, including locations, are available from your district office of the Ministry of Natural Resources.

A new way to detect Unemployment Insurance abuse.

Most people getting unemployment insurance play by the rules. But some people don't seem to know that they can't take a job and collect benefits without telling us they're working. That's why employers are being asked to send us the starting date and Social Insurance Number or extracts from computer payroll tapes for each employee they hire or rehire. This information is cross-checked with the Social Insurance Numbers of people receiving unemployment insurance benefits. Only cases of potential abuse will ever surface. After investigation, anyone found receiving benefits to which they are not entitled will have to repay them.

It may be an honest mistake. Some people forget or don't understand they must tell Unemployment Insurance and report their total earnings when they start

Social Insurance Numbers of newly-hired employees are now being cross-checked with those of people receiving unemployment insurance benefits. Only cases of potential abuse will ever surface.

a new job. In that case, repayment is all that's required. But, a penalty or prosecution may follow when the new system detects people wrongly collecting benefits.

If you are collecting unemployment insurance benefits, and start a new job, please say so on your UI claimant report card.

DISTRICT NEWS

Kinmount Korner

by Millie Moss

Greetings from the avenue! I hope all is well with you. First of all the Kinmount Library Board, wishes to thank everyone who contributed in any way towards their bake sale held on Saturday, June 28. I'm told it was a huge success and will certainly help towards the purchase of a world globe to be used in our library, which by the way we should all visit and see what it has to offer. You may be pleasantly surprised.

We enjoyed our Saturday jaunt to a couple of the local yard sales where I managed to pick up a bell, a small oil lamp and a tiny music box to be put with the rest of my collections.

Helen and Alex Graham of Norland were most welcome guests at our house on Saturday.

I had a nice phone visit with Bonnie Walker of Weston, Friday night.

Visitors from Peterborough to Mary L. and John Pyke in Norland, on Saturday were Debbie and Mark Brohm.

Helen Graham, Bill and Lorrie Moss, all of Norland visited in Pt. Perry and Pickering on Sunday.

Mr. and Mrs. Allan Ferren and their two children of Calgary, Alberta, attended the graduation ceremonies of Mr. Ferren's sister, in Windsor, Ontario, recently and also visited at the Cain household in Kinmount. We hope the trip home is a pleasant one and congratulations to Mr. Ferren's sister who is now an R.N.

Members of the euchre club, held at St. James hall in Kinmount on Tuesday, sang "Happy Birthday" to Canada. There were 8 1/2 tables playing and the evening was enjoyed by all. Top lady for the evening was Nora Swinson and Debbie Young, ladies' low. Men's high was Dick Holbrook and men's low, Jack Hills. Most lone hands went to a lady from Minden, Mrs. Wruth.

Visitors at the home of Bill and Win Wilson, RR 1, Kinmount, Wednesday and Thursday were Mr. and Mrs. W.H. Gass of Cheltenham and Mrs. Wynne Donald of Bath, Ontario. Then over the weekend, daughter Joan and her husband Harold Mills, along with their family, Jennifer and Mike. It was a very enjoyable week in all.

Betty and John Lonsdale of RR 1, Kinmount, are eagerly looking forward to the two-week visit at their home of Mr. and Mrs. Harry Potter and son Graham from Clacton-On-Sea, Essex, England. We wish you a very pleasant holiday and hope you'll be by this way again.

Win and Bill Wilson stopped at Helen and Alex Graham's house in Norland for a short visit on Tuesday and Mary L. and John Pyke, Norland, had lunch with the Graham's on Wednesday.

Sincere sympathy at this time, goes out to all family and friends of Mr. Jack

Watson, who passed away this week, in Ross Memorial Hospital in Lindsay after a long illness.

Sympathy also is extended to Mrs. Kipp, son Richard and daughter, Beverley Graham, all family and friends of the late Mr. Kipp who passed away at Ross Memorial Hospital on Wednesday, July 2.

Mrs. Gordon Swanton and Mrs. Hugh Phillips have been busy making a beautiful quilt which they have now given to the A.C.W. of St. James Parish. Tickets will be sold at 50 cents each or 3 for \$1.00 and the draw for a winner of the quilt will be held at the church fall supper and the date for this "do" will be in this column at a later date. The quilt will be on display at the St. James, Kinmount, salad supper to be held July 19.

Legion Branch 519, Coboconk, will be holding their 5th annual smorgasbord on Saturday, August 2, from 4 p.m. on. Advance tickets may be purchased at the Legion. Adults \$5, senior citizens \$4 and children under 12 years, \$2 each.

Vi and Albert Crego of Kinmount, celebrated their first wedding anniversary June 29 by taking a trip to Gananoque to be with friends Grace and Russell Leakey who celebrated their 31st anniversary on June 28. May you all have many more happy years together.

Eleanor Licop of South Porcupine has been staying at the home of Gertrude and Dave Crichton of RR 1, Coboconk, for the past three months. Eleanor looked after the household while her mother, Gertrude was so ill in hospital and after she was home again. This week Dave and Gertrude drove Eleanor to Wasaga where she boarded the train for home. She will be missed at the bingos. Come back to visit again Eleanor, only this time make it under better circumstances.

In the June 25 column I congratulated Susan Crawford of Kinmount on graduating from her course in health care aid at Sir Sandford Fleming College and receiving her cap. Thursday evening I was told of another of our young local ladies who also received her cap upon graduating from the same course at the same college. Sincere congratulations go out at this time to Colleen Crego. You do us proud!

Maybe you'd like to try these: "Welsh Miner's Cookies": 1 cup of margarine or shortening, 3 cups quick-cooking rolled oats, 1 cup of granulated sugar, 1/4 cup of all-purpose flour, 1 tsp. baking soda, 1/2 tsp. ground cloves, 1/2 tsp. cinnamon, 1/2 cup dried currants, 1/4 cup milk. Preheat oven to 350 degrees F and grease cookie sheets. Cream margarine in a large bowl, then blend in rolled oats and sugar. Sift next four ingredients together and blend with oatmeal mixture. Stir in currants and

milk, mixing well. Shape dough into small balls and place on sheets about 3 inches apart. Bake 12 to 15 minutes, or until golden. Remove from sheets and let cool on racks. Makes 36 large or 72 small cookies.

Sorry to hear Germaine Brooke, our acting post mistress has been ill over the past week. Must be the weather conditions as I hear Win Wilson wasn't so chipper on Thursday and Jason and Lorrie Moss both have colds or throat problems. Bill, the mail delivery man, was dizzy for a few days and said more than a few he'd spoken with, had complained of dizziness and I had a full week of "spinning around" and now the past couple of days with a miserable sore throat. So needless to say, I wasn't exactly "on top of the world" this a.m. when I was out front of the Kinmount P.O. planting in more flowers. Anyway, along came Eva Peacock, who made the remark, "well, there's the sunshine girl."

Jim Hockley called out "good morning, it's a nice day." Bill, from the Hydro, mentioned the lovely day and had a visit with my Bill. Bill Scott and I had a real old gab and three other ladies going into P.O. while I was busy, all stopped to say "hi" and comment on the general appearance of things. I came home, still with a sore throat but feeling a bit closer to the top. As I've said in the past, it only takes a few words when someone is down, to cheer them right up and it's one of the few things that hasn't been hit with inflation.

Eva Peacock was on her way to Lindsay by bus, for the day and says if she makes out alright she may even try Toronto next time.

Tickets on the A.C.W. quilt, mentioned earlier in the column are now ready and can be purchased from members of the A.C.W. The quilt as of this time is at Mary Phillips' house and believe me, it's a beautiful piece of workman (lady?) ship.

Fenelon Falls was certainly a busy place on Friday. The stores have lots of their wares right outside and people seemed to be enjoying the sidewalk shopping.

Mrs. Valerie Greer reports she had her purse taken on Wednesday evening at the Lions Hall bingo in "Coby" and said she can't think of why she'd have walked off without it but upon returning home found it missing and immediately returned to the hall where two of the "Lions" looked around to no avail. Next morning the purse was located, hidden behind a trash receptacle in the men's washroom. Two twenty-dollar bills had been removed but keys, charge card, etc. were all intact. If an adult has committed this crime and it is a crime - you're the kind we can do without mister and if it was one of the young lads there on Wednesday evening

Cont'd page 11

A large crowd gathered at the opening of the Guild of Fine Arts' Summer Exhibition and Sale at the Haliburton Highlands Senior Elementary School in Haliburton Village last Friday night. Here, many

people enjoy the pottery work of local artisan Barbara Peel on display at the show. The exhibition will run until July 15.

John Eakins stresses responsibility to Coboconk elementary students

The Grade 8 graduating exercises were held on Tuesday, June 17 at the Coboconk Legion. Silhouettes of each graduating member of the grade 8 class decorated the walls of the hall. A social hour introduced the evenings' activities from 6:00 - 6:45 p.m.

Head table guests were Mr. C. Fielder, Victoria County Board of Education representative, Mr. John Eakins, M.P.P. Victoria/Haliburton, Mr. J. Hopkins, Principal and students Mark Schneider, Heather Shepherd and Joanne Bradimore. The meal was blessed by Joanne Bradimore and served by the Coboconk Legion Ladies' Auxiliary. Corielyn Weaver thanked the ladies for their generosity in providing the graduates with this dinner.

Mrs. Lynda Easton introduced 1979-80's valedictorian - Miss Heather Shepherd. Heather outlined the highlights and achievements of the class throughout the past nine years from Kindergarten to Grade 8. She thanked the teachers and parents who guided the students' endeavours to this proud evening. She encouraged all students

to treasure knowledge and understanding and be prepared to continue studies into the next corridor of their life - high school.

Mrs. Wendy Watson had the pleasure of introducing the guest speaker - Mr. John Eakins. Mr. Eakins stressed in his address that "Responsibility is the single and most important quality which distinguishes mature young people from children." He also stated that it takes some practice to acquire responsibility, to gain people's trust and be able to make decisions. He also added that as young responsible citizens of Canada working together, they may see their dreams of a peaceful happy life come true.

Mark Schneider thanked Mr. Eakins and showed the students' appreciation by presenting him with a C.P.S. T-shirt and a souvenir spoon of Coboconk. Mrs. Eakins who attended the dinner also was given the spoon. We would like to thank Mr. Eakins for taking time out of his busy schedule to be with us. His address highlighted the evening. Our board member Mr. C. Fielder, delivered his remarks of en-

couragement to the students on behalf of the Victoria County Board of Education.

The Outstanding Student award was presented to Miss Corielyn Weaver by Mr. J. Hopkins on behalf of OPSMTF. A new award was presented this year by the Ladies' Auxiliary, to the student who displayed the most improvement over the year. David Weaver was the surprised and happy recipient and he received the award from Mrs. Peggy Hall. Miss Cindy Worsley presented the Outstanding Effort

award to the student displaying exceptional effort in all school activities. Darryl Guio was the overall winner this year.

This special occasion ended with a very enjoyable dance with music supplied by Mr. G. Cawker. Mr. Davidson was responsible for arranging the music.

The students and staff take this opportunity to thank all the members of the Coboconk Legion and Ladies Auxiliary for providing their facilities and serving the meal on this very memorable occasion.

Coboconk News

by Shiela Lake

Congratulations to David Faulkner, eldest son of Dave and Mary Faulkner, who had highest marks in his class of Grade 8 at St. John's Public School, Kirkfield. David was the valedictorian and worked hard to reach the top. I'm sure David will continue to work hard when he enters Grade 9 this fall.

The cloudy day may put a damper on would-be buyers today, but I trust the auction sale, held by the local Masonic Lodge will be a success. Funds go to the local lodge.

Sincere sympathy to the family of the late Jack Watson who was laid to rest last week.

Our sympathy to Mrs. Norma Herbert, whose sister, Hazel Canning of Toronto passed away in Riverdale Hospital, Toronto on Wednesday, July 2.

For Mrs. Mary Hutchinson and Ray it was sad news last week when word reached them that her son, Charlie Hutchinson, had passed away suddenly in Lindsay hospital. Charlie was in his 49th year. Mary and son Ray had started out on vacation when news of Charlie's death reached

them. Sympathy too, to Lily Smith, whose husband, Bert, was laid to rest last week. Bert had been in failing health for some time, then a few days before his death, fell and broke his hip. Bert was very well-known; he was clerk of Bexley Township for many years.

Sorry to report that Jack Baker is in Ross Memorial Hospital. Jack is our town's example of "never being too old" to work. He is 90 or almost, walks the 2 1/2 miles into town every day early (6 a.m.) cuts lawns, shovels snow, etc. I sure hope Jack is out of hospital soon! We miss the familiar figure walking along Baseline Road.

Mrs. Margaret Biggin is happily holidaying in P.E.I. and the eastern provinces.

Mrs. Cindy McCall of Lindsay visited Millie and Sam Routley last week.

Get well wishes go out to Leslie Putebaugh of Bexley who has been very ill in Ross Memorial Hospital.

The Ron Nesbitt family of St. Thomas visited his mother, Frances Nesbitt last weekend.

Don't touch another thing until you read this ad.

The most important thing to remember when you're working with electricity is simply this: always keep a little common sense between you and your electricity.

Common sense means waiting until your lawn is dry before cutting it with an electric mower.

And never building a tree house close to power lines, where children could be seriously injured.

There are many other ways to practise electrical safety. And they all have one very important thing in common.

Common sense.

Think about it, please.

DON'T CLOWN AROUND WITH YOUR TIME

TIME MANAGEMENT
 A Management Seminar designed for small business.
THURSDAY, JULY 17
 PineStone Inn
 Haliburton, Ontario
 1 p.m. - 4 p.m.
 \$15.00 per person
 (includes all text and refreshments)

As a small business owner/manager, you know the problem of having too many demands on your time. All too often, other people, or events, control an ever increasing proportion of your time.

To compensate, you add more hours to your working day, but still less seems to get accomplished!

How to overcome this "Time Trap", is the subject of this seminar.

For advance registration, complete the coupon below or contact Kathie McNeil at 748-3241 (collect) for full information.

The Manager
 Federal Business Development Bank
 P.O. Box 1415
 Peterborough, Ontario

I/We would like to be involved in the time management seminar.
 My/our cheque/s are enclosed.

Norland Notebook

by Barbara Maunder

At the special meeting of township council on Wednesday, June 11, all members were present. In a recorded vote that passed three years and two days, a portion of Block E, Plan 455, consisting of the easterly 33 feet of said lot from the river to the rear line (Government Dock area) is to be leased to Auldene Quennell. The Quennells are building a home on a purchased lot near this area. K. Keskiyala's request to purchase land was denied. A motion to have resolution #57-80, concerning the hiring of a school crossing guard, rescinded was lost and tenders will be called for a crossing guard for Norland Public School commencing with the fall term. Severance applications B-80-80, B-81-80 and B-93-80 were approved.

The clerk is to contact John Bryant about Norland Athletic Club coverage. Frank Cowan Insurance Agency is to be retained for another year. The 1980 road program was changed as follows: 1. construction jobs #1 and 2 are to be cancelled and the money transferred to gravel resurfacing - maintenance. 2. The \$2000 allocated to housing and equipment is to be transferred to new construction job #4 plus the balance to gravel resurfacing - maintenance. 3. A new construction job #4 on the Digby W. 1/4 line for \$650 is to be added to the construction summary. Seventy tons of crushed gravel to be paid by the township, will be put on Head Lake North Shore Road. A decision was made to tender for a permanent road employee to work

under the direction of the road superintendent with the tenders to be in by July 2 at 5:00 p.m. Advertisement for same to be placed for one week in Thursday Post. Applications for conveyance of shoreline closures are to be only considered if a minimum of 10 adjoining properties are involved.

Kawartha Summer Theatre is being presented once again at the Academy Theatre in Lindsay. There are evening performances at 8:30 p.m. each Tuesday to Saturday with a new play each week. At 2:00 p.m. on Wednesday afternoons there is a matinee and children's theatre (admission \$1) on Thursday afternoons at 1:30 p.m. For the week, July 8 to 12, the play is entitled "I'll be back

for you before midnight". It is an exciting, wild mystery that will keep you interested and on the edge of your seat. Evening performances with all seats reserved are \$5, matinees \$3.50 and children under 15, all performances \$2. Advance books of six tickets for \$24 are on sale and available until July 12. Miss Doris Winchester has some of these books of tickets and if interested please call 454-3568.

Speaking of Doris we were sorry to learn that she recently injured her leg in a freak type of accident. We hope that she will soon be feeling better and able to get around easier. This seems to be the season for leg injuries so please, everyone take care.

Coboconk and District Lions and Leos Clubs are having their annual canoe races on Saturday, July 12 at the water in Coboconk Lions Park. Registration is at 9:00 a.m. with races at 10:30 a.m. The entry fees are \$12, \$10 and \$6 for juniors per canoe, length of race is approximately 15 km. with trophies and cash prizes. There will be a supper buffet served in the community hall starting at 4:30 p.m. and out of town accommodation is available at Balsam Lake Park. This is a fun, family day and with good weather a happy time for everyone.

After a lengthy illness, long time resident Jack Watson, of RR 1, Norland passed away in Ross Memorial Hospital on Wednesday, July 2. He was the loving husband of Annie Huggill and dear father of Theodore of Norland and Jacqueline (Mrs. Aubrey Gostlin) of Huntsville. Burial service was on Friday, July 4 from the Bryant and Cameron Funeral Home, Coboconk and interment at Pine Grove Cemetery, Norland. Following the service, refreshments were served to family and friends at the Norland United

Church by the U.C.W.

Mrs. Nils Eriksson is most delighted to have her daughter, son-in-law and grandson visiting with her from Sweden. Per and Eleonor Odmak and son Mats are here from Sundwall, Sweden on a three-week visit and while here plan to travel to Toronto, Montreal and other points of interest. It is a little unusual to realize that although both Per and Eleonor originally lived near each other in Stockholm, they didn't meet and later marry until both had moved and were living in Toronto. Sometime later they moved back to Sweden so Ontario and our English language is not completely unfamiliar to them. Although English is a subject taught in Swedish schools at a young age, grandson Mats is not very conversant in this language.

It turned out to be an expensive bingo night for Valerie Greer at Lions' bingo in Coboconk community hall on Wednesday, July 2. Valerie had the misfortune to have her purse stolen which was found the next day in the men's washroom but the money in it was missing. She did, however, recover her charge cards, etc. so it could have been worse. It is too bad that this type of thing has to happen and spoil an otherwise pleasant and friendly evening.

Congratulations to a former resident of Norland, Heather LeCraw who recently graduated from Sir Sandford Fleming College with her diploma in Law and Security. Heather is hoping to be accepted in O.P.P. but being too young as yet, is employed as an inspector of security for a large Peterborough department store. Her grandmother, Mrs. Dorothy Birmingham is justly proud of her accomplishments.

Nothing is impossible to a faithful and willing heart.

Stanhope Notes

by Alex Stevenson

Few people are fully aware of the demands that are sometimes made on volunteer fire fighters in a community such as Stanhope Township. For those who think it is simply a matter of dashing off to the scene of the fire to bring it under control, it can be said that it is not always that easy. Besides the occasions when incomplete directions prove to be a handicap, there are times when a road condition is such that the firemen have to carry pumps, hose or other equipment of a heavy nature for a considerable distance.

Such was the case on Sunday, June 29, when a brush fire broke out on top of a hill at Crab Rapids (or Indian Portage) at the upper end of Hawk Lake. About 20 of the volunteers responded to the alarm and while some of the men were left with the equipment at the landing the others loaded pumps, hoses, rakes and shovels into boats generously loaned by residents in the area and crossed the lake to the sight of the blaze. Having gotten ashore it was then necessary to climb a high hill again lugging the equipment with them, some of the men carrying pumps strapped to their back and the pumps were filled with five gallons of water for fine spraying the area. It will be agreed that this is not too light a task, but the fire was brought under control and the return to the shore to board the boats was begun. At this point the heavy storm struck and because of the heavy rain and very rough condition of the lake it was decided to wait out the storm sitting out in the shore. Eventually the trip was resumed and the return was made to the firehall. The firemen were extremely appreciative for the help given them by the residents in the area who made the boats available for the crossing, and to those who joined in the

work of controlling the blaze.

While all of this was going on, a stand by crew remained at the firehall where another call was received from someone in the Maple Lake area reporting a fire. On responding to this call the men found nothing of any consequence, but had such been the case, they were in radio contact with the main group at Hawk Lake and firefighters could have been deployed as needed. One has to say "Well done - again" to those truly community minded men who comprise the Stanhope Volunteer Fire Department, a volunteer department that was reborn to meet an emergency, by the men who came forward at a time of township emergency and enabled the department to continue to do a good job when the need arises. The firemen are very grateful with the support the public has given to the two dances held recently. We are told that the proceeds from these affairs have helped the firemen to rebuild the association fund which is intended to enable the members to acquire those items which they consider helpful to their organization and to the community.

Most ratepayers will have received their tax bills and noted the increase for this year. It was council's intention to present a realistic budget and not resort to deficit budgeting, and this they have done. In an election year it is pleasing that council avoided the temptation to produce a lower tax rate by foisting off a deficit on an incoming council, a stunt often resorted to in public financing, but one which hides the true facts.

Speaking of an election year, we are only four months away from the November municipal elections. Having watched the performance of the present council with some regularity, and also attended

many county council meetings, it is our opinion, for what it is worth, that the present council has functioned well, that Reeve Jim Harrison and also Deputy-Reeve Elgin Stouffer have given the affairs of the township serious and conscientious attention. We do not know at the moment what their intentions are re offering themselves again for election, should they decide to run again we suggest that the township would be well served by giving them an acclamation. Admittedly it is always possible to find fault with anyone, or to find something to criticize particularly if fault finding is the only motive. The present council has dealt with some very difficult situations and did so with the best regard for the interests of the Township of Stanhope. In any event it is to be hoped that any candidates for election to any position on council will be motivated only con-

siderations that are in the best interest of Stanhope.

It is certain that few will welcome an election that is based on past issues whose resurrection can only assure animosity and unproductive recrimination. The electors of Stanhope are entitled to the type of election campaign which has issues that are meant to be in the best interest of all of the township. Only the ensuing months will tell if good sense and judgement are to prevail to help heal the wounds of the past.

The committee charged with the preparation of Stanhope Fun Days have come up with a two-day program which should provide entertainment and activity for all. Each week from now on, more details will appear in the papers so watch for them, and if you feel that you help the committee in any way Mrs. Ann Barker, chairman of the committee will be pleased to hear from you.

Gooderham News

by Mary Hadley

Decoration Day was observed at Gooderham Cemetery on Sunday, June 29 with Pastor Sauve of the Pentecostal Church conducting the service.

George Maxwell, with his wife and family, of Scarborough, is visiting his mother, Mrs. Ruby Maxwell.

Mrs. David Allen and little daughter, Jane, of Lindsay, called on Mary Hadley last Friday.

Under the leadership of Bob Stark, summer assistant minister at the United Church, 20 boys and girls from Tory Hill and Gooderham enjoyed a ball game last week. This was followed by a pizza party which proved very enjoyable.

Mrs. Stubbett of Toronto was a guest of her sister, Mrs. Ken Bell for the holiday weekend. Also visiting Ken and Hazel at that time was their son, Stephen.

Dallyn Pickens who has just completed his year at Brock University, St. Catharines, visited his parents, Mr. and Mrs. Dallyn Pickens, for the weekend. Dallyn has literary talent and has had several travel articles published this year, among which was one on Egypt, published in last week's Saturday Star. Congratulations Dallyn! We look forward to future articles

and wish you success in your chosen literary career.

Mr. and Mrs. Doug James and family, Mr. and Mrs. Norman James and family, and Mrs. Marion James are spending holidays at their cottages on Pine Lake.

Holiday visitors of Mrs. Mabel Hunter were her daughter, Sharon, and son Paul and family.

Parks and Recreation Board and the Ministry of Culture and Recreation have sponsored a Day Camp programme under an Experience '80' grant. Bruce Payne has been appointed supervisor and swimming instructor while Tammy Dewey and Cheryl Hillis are camp leaders. Registration was held July 2 - 4 with activities commencing July 7. The Day Camp will be held at Gooderham Elementary School. On rainy days the children will have a classroom inside the school where they can engage in crafts or play inside games. When the weather is favourable outside games will be played.

On Wednesday, July 2, the Gooderham Tigers met the Carnarvon Ladies Softball team at Gooderham. This resulted in a win for Carnarvon. A good attendance gave vocal support to the team. Come out to the home game, July 10, and add your cheers to help our team who will appreciate your support.

A bridal shower, honouring Marie Madill, daughter of Mr. and Mrs. Gordon Madill, was held in the Pentecostal Church basement, Thursday, July 3. The bride-to-be received a variety of useful and attractive gifts, for which she graciously thanked her friends. A bountiful lunch was served including a cake, beautifully and artistically iced by Priscilla Mintz. Marie's wedding will be solemnized July 26. The community wish her much happiness in the future.

Friends of Mrs. Helen McMullen are pleased to know that she has returned to her cottage on Pine Lake for the summer months.

The Highland Queen

is now ready for the Summer Season, for an Exciting Cruise on Lake Kaskagawigamog. Our experienced Captain Tour Guide will give you some magnificent sights plus a History of the area. Starting June 29 and during July and August, the boat will leave the Haliburton Town Dock every Sunday at 2 p.m. for an exciting 1 1/2 hour cruise. [Weather Permitting]

ADULTS \$3.50
CHILDREN (12 & under) \$2.50

Sale by Tender

By virtue of Power of Sale the mortgagee offers for sale by sealed tender the following asset:

LAND: The property is located on a Township road locally known as Sir Sam's Inn Road and the year round roadway access is by virtue of roads dedicated as public highways on registered Plan of Subdivision Number 547 for the Township of Guilford, in the Provisional County of Haliburton.

The land is zoned for seasonal residential uses and is known as Lot 9, Plan 547, Township of Guilford, in the Provisional County of Haliburton, having lot dimensions of approximately 296 feet frontage and 300 feet depth approximately.

There is located on the property a 832 square foot, log constructed cottage being 26 feet by 32 feet.

Tenders must record price offered and must be for all the above referred to assets. All tenders must be accompanied by a certified cheque for a minimum of \$500.00, payee to be advised, which cheque will be returned if the offer is not accepted. If accepted, the deposit will be forfeited as liquidated damages if the sale is not completed by the tenderer. The highest or any other tender will not necessarily be accepted. The balance of the purchase price is due and payable on closing by cash or certified cheque.

Tenders will be received until 1:00 p.m. July 23, 1980. For further information or for an inspection of the above referred to assets, contact Mr. Lloyd Weldon, R.R. #1, UXBRIDGE, Ontario, L0C 1K0, Phone 705-457-2248 or 416-852-6733.

Chatting with Irene

by Irene Moore

A laugh is just like sunshine, it freshens all the day; it tips the peak of life with light, and drives the clouds away. The soul grows glad that hears it, and feels its courage strong; A laugh is just like sunshine for cheering folks along.

Events coming up next week are - July 14 at municipal building, 8 p.m., Library-Culture Centre meeting, July 16 - Annual United Church summer supper from 5 to 7 p.m. July 17 at 10 a.m. at the firehall is the Deckhands Puppet Show with two features - Puss & Boots and Aesop's Fables. July 18, starting time - 2 p.m. at Hyland Crest Home, their Saturday tea and other goodies. July 19, the A.C.W. Tea & Bazaar, also the draw for the quilt. Art Show at Hyland Crest July 19.

Scott Callow of Huntsville and Earl Johnson of Barry's Bay have returned home after a week's visit with their grandparents Mr. and Mrs. Harold Coulter.

A long time ago, the good old days were called "these trying times".

Mr. and Mrs. Marks of Thornhill recently spent a week with Mr. and Mrs. Earl Hewitt.

Did anyone watch Cash For Life draw on Saturday? If you did you would see Robert Herlihy who was the chartered accountant at the show. Yes, Bob and Betty Herlihy can be proud of their son who is very like his father.

Mr. and Mrs. Bud Stamp, Jeffrey, also Glenn Stamp attended the wedding of Paul Chouinard and Peggy Bressner in Kapuskasing on the weekend.

I wandered into the Highlands Jewellery and China Shoppe one day last week and could hardly leave. It officially opened on July 4 and is located on St. Germaine Street in front of Dr.

Holliday-Rhodes' office. Do drop in and if you need a gift for a special event, that's the place to go. There are some fantastic articles for gifts. I haunted the area with the lovely crystal.

Laura and Carol Blears of Orangeville spent last week with their grandparents, Mr. and Mrs. Stan Blears.

Any of you folk who like to go on the Women's Institute bus trips are asked to contact Mrs. Mill Sears, Mrs. Arnold Coulter or Mrs. Isobel Harrison, if you have any ideas of where you would like to go on October 1 for the fall bus trip.

Mr. and Mrs. Bill Porter and boys spent the weekend at Parry Sound and Patti who had spent a week in Toronto with her aunt, came home with them.

To do today's work well and not be bothered about tomorrow is the secret of accomplishment.

Mr. and Mrs. Phil Robinson visited Mr. and Mrs. Paul Cockburn in Woodville last Tuesday and also had a lovely visit with Mr. and Mrs. Glen Cockburn and three-week old Michelle who had flown back from Edmonton, Alberta for a visit.

Have you been to Minden library lately? If so, have you given in your guess as to how many buttons are in the jar. This is one way to help put the shelving in the new library as the jar won't be opened until Thanksgiving weekend.

Mr. and Mrs. Roy Emerson of Amhurst Island spent the weekend with the Bob Emmersons and Beverley.

Eats is cats, and waist is waist! Mr. and Mrs. Don Kellett and family have returned home to Atlanta, Georgia, after a three-week visit with family and friends. They were also able to attend the Kellett and Cox reunions.

"Cheeseburger Supreme" - form 1 lb. of hamburger into

8 thin patties. Mix 1/4 lb. of Roquefort or Blue cheese; 2 tbs. mayonnaise; 2 tbs. cream and 1/4 tsp. pepper. Spread this mixture in the centre of 4 patties then top each with another patty, press and seal the edges together. Grill over hot coals and when done to taste serve between toasted buns.

Mr. and Mrs. Earl Hewitt and Mr. and Mrs. Bill Burnette of Hartford, Michigan; spent last Wednesday at St. Joseph's Lake.

Mrs. Ray Rivers and boys of Downsview spent the weekend with Mrs. Arnold Coulter.

How many hooks have you done on the lovely rug that is being hooked and is at Mae's Country Mart. The money from this goes towards the new library and if you wish to help get it finished but don't see the rug just ask and someone will show you where it is.

Mr. and Mrs. Alan Brydson and Lesley; Nancy and Julie Bird; Mrs. Ethel Harrison and myself spent Thursday in Lindsay. While in Zellers I had a chat with Mrs. Pete Stribling but saw no one else from town.

A person should live and learn, but by the time we learn - it's too late to live! Mrs. Gordon Dawkins and Beverley spent part of last week at their cottage.

Inflation is like putting on weight; it's easier to start than to stop!

Mr. and Mrs. Earl Bird and girls spent the weekend with the Ron Dacks in Tory Hill.

I agree with what was said by Creighton Feir last week in his column regarding our visitors and making them feel welcome and upon finding this will pass it on.

"The Ten Commandments of Human Relations" - 1. Speak to people - A cheerful word can brighten the most depressing day. 2. Smile at people - It takes 72 muscles to frown, only 14 to smile. 3. Call people by name - There's nothing anyone likes to hear

more than their own name. 4. Be friendly and helpful - If you want friends, be friendly; if you want help, then be helpful. 5. Be Cordial - Speak and act as if what you do is a genuine pleasure. 6. Be interested in people - You can like almost anyone, if you try.

7. Be generous with praise - Cautious with criticism. 8. Consider others' feelings - It will be appreciated. 9. Be thoughtful of others' opinions

- there are usually 3 sides to a controversy; yours, the other person's and the right one. 10. Be alert to give service - What counts most in life is what we do for others; and the manner in which we do it.

Add to these 10 Commandments a good sense of humour, a large dose of patience, and a dash of humility and you, my friend, will be rewarded throughout your life.

Adios and take care now.

Carnarvon News

by Yvonne Penney

The Stanhope Recreation Committee is sponsoring a swim programme in July and August at their new beach on Hall's Lake (Old Mill Rd.).

They have a fine staff lined up and are offering a wide range of programmes. Further information can be had at the beach Monday to Friday from 9:00 a.m. to 4:00 p.m. or by calling 489-2828. Your support would be appreciated by the staff and recreation committee.

Les Clark has been released from hospital in Peterborough and is recuperating at home.

Congratulations to the newlyweds, Mr. and Mrs. Charles O'Hanley (nee Cindy Chambers) who were married on June 28 in Fort McMurray, Alberta. Cindy's parents, Alice and Bill Chambers, as well as Frank and Marie Chambers and Phrona Sisson, flew out to Alberta to attend the wedding.

Grace Cowen has been released from hospital after her fall, and is recuperating at the home of her daughter, Lois Davies, in Minden.

Don't forget the Stanhope Fly-In is scheduled for this Saturday, July 12. The weather didn't cooperate on the original date so it was re-scheduled for July 12, with a rain date of July 13.

I would like to welcome some permanent residents to Metropolitan Carnarvon. Bob

Wiltshire, recently retired, and his wife, Joyce have moved up to their residence on Boshkung Lake.

Minden Minor Hockey are holding a rummage sale the first weekend in August - so if you have any rummage, please save it as they will be glad to collect it.

It seems some people are dropping their garbage bags at a local spring. This certainly creates an eyesore for others who depend on the spring for drinking water.

Senior League

from page 8
Robertson, that Mr. and Mrs. Parker of Lutterworth Pines will be coming to Hyland Crest to take residents for walks or shopping trips on Tuesday and Friday evenings. Many residents are looking forward to the outings.

Mr. Robinson has asked me to present the following in appreciation to the staff of Hyland Crest.

"At a meeting of Hyland Crest's Residents Council, July 3, it was suggested that the staffs of the nursing, kitchen, housekeeping, laundry, maintenance, activities

and office departments be made aware of our appreciation for their cheerful, courteous and prompt response to our many needs. Very often we get out of "the wrong side of the bed", tend to be grouchy and indecisive, but are always attended to with great gentleness and a smile. So a hearty "Thank You" from Hyland Crest's senior women and men."

I would like to take this opportunity to welcome Mr. Gordon Ruppel to our home. We certainly hope he will enjoy his stay at Hyland Crest.

Harcourt News

The Festival of Faith weekend was held at the Harcourt Community Centre, June 20, 21 and 22. A committee representing the local churches organized camping facilities on the grounds and a pot luck dinner Saturday evening. The guest speakers were Rev. Charles Catto, Rev. N. Wesley Oake, and Rev. George Elssasser. Rev. Catto was a student minister in the South Wilberforce United Church, 30 years ago. Following the pot luck supper, the Bancroft Community Chorus choir presented their message in song. The organizers felt that the events had been well attended and that many were hoping to return next year.

Karen Bell, eldest daughter of Al and Myla Bell has recently completed studies at Shaw Business College in Toronto. Karen's official graduation takes place in

November. Al and Myla were former owners of Bell Marine, and moved from Harcourt to Bridgenorth two years ago. Karen is being married to Carl Lowery on July 19 in the Gilmore Baptist Church in Bridgenorth. They plan to live near Kirby, Ontario. Her Harcourt and area friends wish her much happiness in the future.

Kim and Marius Vandenberg of Cannington are the happy parents of a new son, Paul Johannes Leonard, born May 24 in the York County Hospital, Newmarket. Kim is the daughter of Mrs. Noreen Ireland, Harcourt.

Wilberforce firemen were called to the home of Mrs. Noreen Ireland, Monday, June 30 to extinguish a chimney fire. Fortunately the fire had been noticed early and quick action prevented serious damage to the house. Danny Loughlan escaped

serious injury, when in collision with a car July 1 in Harcourt. He received a fractured collarbone, plus numerous cuts and bruises.

MOH, HUDAC

from page 5

renewal, said the joint activities would include:

- Discussions with municipal officials on possible programs by all three parties to stabilize the renovation industry.

- Information programs, including a series of regional workshops to be held this fall on renovation issues from the viewpoint of municipal officials, builders and consumers.
- Training municipal officials and builders involved in renovation.

32. IN MEMORIAM

DART - In loving memory of our dear mother and grandmother, Margaret Jane Dart, who left us on July 11, 1967.

True was her heart, her action kind, Her life was a pattern to those left behind. God knows best for reasons divine, But memories last for all time.

Sadly missed by daughter Pauline, Bob, Doug, Jack and Lynda. 32-P-9

DART - In loving memory of our dear mother and grandmother, Margaret Jane Dart, who left us on July 11, 1967.

Today recalls sad memories Of a dear mother gone to rest, And the one who thinks of her today Is the one who loved her best.

Sadly missed by son Bert, Grace, Howard, Kathy and Kevin. 32-P-9

DART - In loving memory of our dear mother and grandmother, Margaret Jane Dart, who left us on July 11, 1967.

Always smiling, happy and content Loved was my mother wherever she went. To a beautiful life, a sudden end; She died too soon, everyone's friend.

Sadly missed by son Jack, Larry, Ricky, Wendy and Jamie. 32-P-9

DART - In loving memory of our dear mother and grandmother, Margaret Jane Dart, who left us on July 11, 1967.

In my heart your memory lingers, Always tender, fond and true; There's not a day, dear mother, I do not think of you.

Sadly missed by son Don, Francis, Fred, Nellie and Roger and Debbie. 32-P-9

32. IN MEMORIAM

KIRKPATRICK, Lyle - In loving memory of a dear husband and father who passed away July 12, 1978.

To you resting place we visit And place the flowers with care But no one knows the heart-ache When we turn and leave you there.

If we could have on lifetime wish One dream that could come true We'd pray to God with all our hearts For yesterday and you.

Lovingly remembered by wife Jean, and daughters, Wanda, Theresa and Cheryl. 32-P-9

SMITH - In loving memory of my husband, Earl, suddenly taken from me, July 8, 1978 at Argentina, Nfld. Forever loved and remembered by wife Elsie Smith of Wilberforce. 32-B-9

STAMP - In loving memory of a dear father and grandfather, Everett Stamp, who passed away July 8, 1970.

We cannot have the old days back When we were all together. But secret tears and loving thoughts Will be with us forever. Dear, still as the years depart, he lives forever in our hearts, Always a smile, instead of a frown, Always a hand when one was down, Always, true, thoughtful and kind, Wonderful memories he left behind. Resting where no shadows fall In peaceful sleep, he awaits us all. God will link the broken chain When one by one we meet again.

Sadly missed and always remembered by daughter, Hazel, son-in-law, Jack, grandchildren, Kathy and Debbie. 32-P-9

UPTON - In loving memory of a dear husband, father and grandfather, Harold, who passed away July 10, 1974.

Wishing today as we wished before, God could have spared you many years more. With silent thought and deep regret, Loving memories we will never forget.

Sadly missed by wife Laura and family. 32-P-9

33. NOTICE TO CREDITORS

Chamber

from page 5

In the village of Haliburton the opening of the new Bank of Montreal set off a chain of moves that is giving everyone concerned larger quarters. Stedmans have taken over the previous quarters of Dominion Hardware to add still more floor space to already expanded department store. Brad Sales then moved his Cordell Carpet Shop across the road to the much larger building which once housed the Red and White. They are now able to carry a much broader inventory and measure out yard goods much more efficiently. The Village Shoppe was quick to move into the space left only momentarily vacant by Brad and are pleased to now be on the main street with an ever expanding line of apparel.

We certainly wish continued success to all of these developing businesses and we do suggest you drop in and see their new facilities if you haven't already done so.

Boat Cruises

The Highland Queen this year is taking regular cruises from the dock in Haliburton every Sunday at 2:00 p.m. over the scenic waters of Lake Kashagawigamog. In addition the Britannia is cruising on the Lake of Bays and leaves the Dorset dock at 2:00 p.m. Thursdays and 3:00 p.m. Sundays. Both these boats are available for Charter for larger groups.

The siding that insulates

Siding and insulation, all-in-one. For just a little more than the cost of regular siding. Polyurethane insulation backing (R4)†. Tough, plasticized finish. Over 50,000 Canadian homes have installed Climatic insulated siding. Because it makes a lot of sense today.

†ASTM Test No. C236-66
